Dear Gionni

Re: Honours Thesis

I, Helen Brayshaw, am happy for you to include my honours thesis entitled "Some aspects of the material culture of the Aborigines of the Hunter Valley at the time of first white settlement in the area" (Submitted in 1966 through the Department of History, University of New England) in the Virtual Sourcebook of Aboriginal Studies in the Hunter Region, located at the University of Newcastle's Archives Rare Books & Special Collections website.

Yours sincerely

Dr Helen Brayshaw
