Plagiarism

University policy prohibits students plagiarising any material under any circumstances. A student plagiarises if he or she presents the thoughts or works of another as one’s own. Without limiting the generality of this definition, it may include:

- copying or paraphrasing material from any source without due acknowledgment;
- using another's ideas without due acknowledgment;
- working with others without permission and presenting the resulting work as though it was completed independently.

Plagiarism is not only related to written works, but also to material such as data, images, music, formulae, websites and computer programs.

Aiding another student to plagiarise is also a violation of the Plagiarism Policy and may invoke a penalty.

For further information on the University policy on plagiarism, please refer to the Policy on Student Academic Integrity at the following link -

Written Assignment Presentation and Submission Details
Students are required to submit assessment items by the due date. Late assignments will be subject to the penalties described below.

Hard copy submission:

- **Type your assignments:** All work must be typewritten in 11 or 12 point black font. Leave a wide margin for marker’s comments, use 1.5 or double spacing, and include page numbers.

- **Word length:** The word limit of all assessment items should be strictly followed – 10% above or below is acceptable, otherwise penalties may apply.

- **Proof read your work** because spelling, grammatical and referencing mistakes will be penalised.

- **Staple the pages** of your assignment together (do not use pins or paper clips).

- **University coversheet:** All assignments must be submitted with the University coversheet:
  

- **Assignments are to be deposited in the relevant discipline assignment box:**
  
  - Callaghan students: School of Humanities and Social Science Office, Level 1, McMullin Building, MC127
  
  - Ourimbah students: Room H01.43

- **Do not fax or email assignments:** Only hard copies of assignments will be considered for assessment. Inability to physically submit a hard copy of an assignment by the deadline due to other commitments or distance from campus is an unacceptable excuse. Assignments mailed to Schools are accepted from the date posted.

- **Keep a copy of all assignments:** All assignments are date-stamped upon receipt. However, it is the student’s responsibility to produce a copy of their work if the assignment goes astray after submission. Students are advised to keep updated backups in hard copy and on disk.

Online copy submission to Turnitin
In addition to hard copy submission, students are required to submit an electronic version of the following assignments to Turnitin via the course Blackboard website:

Prior to final submission, all students have the opportunity to submit one draft of their assignment to Turnitin to self-check their referencing.

Assignments will not be marked until both hard copy and online versions have been submitted. Marks may be deducted for late submission of either version.
Penalties for Late Assignments
Assignments submitted after the due date, without an approved extension of time will be penalised by the reduction of 5% of the possible maximum mark for the assessment item for each day or part day that the item is late. Weekends count as one day in determining the penalty. Assessment items submitted more than ten days after the due date will be awarded zero marks.

Special Consideration/Extension of Time Applications
Students wishing to apply for Special Consideration or Extension of Time should obtain the appropriate form from the Student HUBS.

No Assignment Re-submission
Students who have failed an assignment are not permitted to revise and resubmit it in this course. However, students are always welcome to contact their Tutor, Lecturer or Course Coordinator to make a consultation time to receive individual feedback on their assignments.

Remarks
Students can request to have their work re-marked by the Course Coordinator or Discipline Convenor (or their delegate); three outcomes are possible: the same grade, a lower grade, or a higher grade being awarded. Students may also appeal against their final result for a course. Please consult the University policy at:

Return of Assignments
Where possible, assignments will be marked within 3 weeks and returned to students in class. At the end of semester, students can collect assignments from the Student HUBS during office hours.

Preferred Referencing Style
Note: Revise/replace with a statement on your preferred style
In this course, it is recommended that you use the Harvard in-text referencing system (similar to the APA system) for referencing sources of information used in assignments. Inadequate or incorrect reference to the work of others may be viewed as plagiarism and result in reduced marks or failure.

An in-text citation names the author of the source, gives the date of publication, and for a direct quote includes a page number, in parentheses. At the end of the paper, a list of references provides publication information about the source; the list is alphabetised by authors' last names (or by titles for works without authors). Further information on referencing and general study skills can be obtained from:

β Infoskills:

Student Representatives
We are very interested in your feedback and suggestions for improvement. Student Representatives are the channel of communication between students and the School Board. Contact details of Student Representatives can be found on the School website.

Student Communication
Students should discuss any course related matters with their Tutor, Lecturer, or Course Coordinator in the first instance and then the relevant Discipline or Program Convenor. If this proves unsatisfactory, they should then contact the Head of School if required. Contact details can be found on the School website.
