INTRODUCTION

The Architect is a planner of environment and designer of buildings. He is concerned not only with the aesthetics but also the technology and function of buildings and their construction. Therefore his training, in addition to developing his design talent, must include a wide range of subjects relating to Structures, Building Science and the administrative aspects of Building Construction.

In his working day the practising architect comes into contact with many facets of community life.

He must have an understanding of management, finance, accountancy, public relations, legal matters and the operating conditions of his clients from case to case. He must take an interest in the fine arts, landscaping, townplanning and a host of other fringe areas of his field. He is deeply concerned with the improvement of the environment and conservation of resources.

According to the principles of architectural education laid down by the Royal Australian Institute of Architects, a graduate in architecture should be essentially an educated person with the ability to think and to understand. The scope of architectural education should be as broad as possible and should include study in the humanities. Specialisation is not desirable at architectural undergraduate level.

The Faculty of Architecture of the University of Newcastle offers the student a five year full-time and a six year part-time course, leading to graduation as Bachelor of Architecture. Practical experience in an Architect's office, always an important factor of architectural training in the past, is required for a period of 12 months prior to graduation.

The Faculty of Architecture at the University of Newcastle is a recognised school for registration under the Act and admission to the Royal Australian Institute of Architects.

Comparatively small in numbers, it offers more intimate and personal conditions for study than that provided by larger schools.

F. ROMBERG
Dean
Faculty of Architecture
LOCATION

The Faculty of Architecture operates in a self-contained building in the University of Newcastle Shortland Campus. It is located North of the Ring Road adjacent to the Metallurgy Building.

The telephone number is 68 0401. For connection to the Faculty of Architecture, ask the Switchboard Operator for “Architecture” or the required party by name. Full time members may also be dialled direct on their extension numbers listed on Page 11.

The Postal Address is:
Faculty of Architecture,
The University of Newcastle,
New South Wales 2308

The University of Newcastle began its existence as the Newcastle University College of the University of New South Wales, then known as the New South Wales University of Technology. The College was formally opened on 3rd December, 1951, and the first students were enrolled in the 1952 academic year. By the University of Newcastle Act of 1964 it became an autonomous institution on 1st January, 1965.

Enrolments in the first year of the College’s existence totalled 370 of whom only five were starting degree courses — the others were seeking a diploma or were converting their diplomas into degrees. In 1954 courses in the Faculty of Arts were offered for the first time. As the New South Wales University of Technology, whose courses were given in the College, had no Faculty of Arts, supervision of these courses was entrusted to the University of New England. This relationship continued until 1959 by which time the New South Wales University of Technology had become the University of New South Wales and was empowered to offer courses in the Faculty of Arts. Enrolments have steadily increased, reaching 1000 in 1960 and 3571 in 1971.

The Newcastle University College was established on the site of the Newcastle Technical College at Tighe’s Hill. In 1960 an area of some 200 acres was acquired at Shortland and building commenced in 1964. The transfer of the University began at the end of 1965. Courses in all faculties are now given on the Shortland Campus.

The University is governed by a Council of twenty-four members. The Chancellor, who acts as chairman, is chosen either within the twenty-four members or from outside, the size of the Council being increased to twenty-five in the latter instance. The Council comprises representatives of the University staff, Convocation, the students, the Legislative Council and the Legislative Assembly; nominees of the Governor; and the Vice-Chancellor, who is the chief executive officer of the University.

The principal academic body in the University is the Senate comprising the Vice-Chancellor, Professors, a representative of each of the Faculty Boards and certain other ex officio members. Teaching and research in each Faculty are supervised by a Faculty Board consisting principally of the permanent academic staff of the Departments in the Faculty. A number of Boards of Studies have also been established, each board having the task of integrating or supervising activities in a particular area of interest.

The University is financed by grants from the New South Wales and Commonwealth Governments and fees paid by students. The State and Commonwealth Governments contribute equally to the cost of buildings and major items of equipment whilst with respect to recurrent expenditure, the Commonwealth contributes $1 for every $1.85 received by way of State grant and student fees.
The By-laws governing matriculation and admission to courses are set out below. The University does not conduct its own matriculation examination but recognises the New South Wales Higher School Certificate Examination and the University of Sydney Matriculation Examination for this purpose.

By-law 5.1 — Matriculation

1. (1) Except as provided in By-law 5.3.3, a candidate, before being admitted to matriculation, shall:

(a) have passed in the New South Wales Higher School Certificate Examination or the University of Sydney Matriculation Examination in at least five recognised matriculation subjects, one of which shall be English and any three of which shall be passed at least at second level; and

(b) have attained in that examination the aggregate of marks prescribed by the Senate from time to time and calculated in the manner determined by the Senate.

(2) The recognised matriculation subjects shall be:

- English
- Greek
- Chinese
- Mathematics
- Latin
- Japanese
- Science
- French
- Hebrew
- Agriculture
- German
- Dutch
- Modern History
- Italian
- Art
- Ancient History
- Bahasa Indonesia
- Music
- Geography
- Spanish
- Industrial
- Economics
- Russian
- Arts

(3) Mathematics and Science, both passed as full courses, together shall, for the purpose of sub-section (1) (a) of this section, be counted as three subjects, but otherwise, each shall count as one subject.

(4) The qualification for matriculation must be obtained at one examination.

2. A person who has applied to undertake a course of study as a matriculated student shall upon —

(a) the approval of his admission to a Faculty and the payment of such fees as may from time to time be determined by the Council; and

(b) signing the Matriculation Register of the University become a matriculated student of the University and shall be deemed to have accepted the privileges and obligations of membership of the University.

By-law 5.3 — Admission to Courses

1. (1) A candidate for any first degree of the University shall satisfy the conditions for admission to matriculation set out in By-law 5.1.1 or shall have been admitted to matriculation under section 3 of this By-law before entering on any course for such degree. Compliance with the conditions for admission to matriculation shall not in itself entitle a person to enter upon a course.

(2) A person who has satisfied the conditions for admission to matriculation may on the payment of such fees as may be determined by the Council from time to time be provided with a statement to that effect.

2. A candidate for any degree shall before entering on the course for that degree have satisfied any special conditions prescribed under By-law 5.2.

3. The Council may, with the advice of the Senate, admit as a matriculated student, under such conditions and with such standing as it may determine, any person who has satisfied the Council that he has reached a standard of education sufficient to enable him to pursue his proposed course.

4. The Council may, with advice of the Dean of the Faculty concerned, permit any person to enrol in a subject or subjects on payment of such fees as may be determined from time to time by the Council: Such a person, not being a matriculated student, shall not have the privileges of a matriculated student and shall not be eligible to proceed to a degree.

PREREQUISITES

Although prerequisites are not prescribed, lectures in the following faculties, courses or subjects will be given on the assumption that students will have studied for the New South Wales Higher School Certificate the subjects listed below to the level indicated:
MATRICULATION

FACULTY

APPLIED SCIENCE
Second level Short Course Mathematics and Science including Physics and Chemistry options.

ARCHITECTURE
Second level Short Course Mathematics and Science.

ARTS
Economics I — Second level Short Course Mathematics.
English 1 — Second level English.
French 1 — Second level French.

ECONOMICS AND COMMERCE
Second level Short Course Mathematics.

ENGINEERING
Second level Short Course Mathematics and Science including Physics and Chemistry options.

MATHEMATICS
Second level Short Course Mathematics.

SCIENCE
Second level Short Course Mathematics and Science.

PROCEDURES

ENROLMENT

All forms relating to enrolment are obtainable from the Student Administration Office, Room G.63, Building “A”.

PERSONS SEEKING ADMISSION TO AN UNDERGRADUATE COURSE AT THE UNIVERSITY OF NEWCASTLE FOR THE FIRST TIME

Students seeking admission in the 1972 academic year will be required to lodge an “Application for Admission — 1972” with the Student Administration Office not later than

(a) 5.00 p.m. on Monday, 1 November, 1971, in the case of:
— persons resident in Australia who are seeking admission on the basis of qualifications which they already hold at 1 November, 1971;
— persons resident outside of Australia or persons applying for admission on the basis of qualifications gained outside Australia.

(b) 5.00 p.m. on Friday, 21 January, 1972, in the case of:
— persons resident in Australia who
(i) are seeking admission on the basis of the results of examinations taken after 30 September, 1971;
(ii) in 1971 have been enrolled in another Australian University;
or
(iii) have applied to attempt the University of Sydney Matriculation Examination in February, 1972.

No guarantee can be given that applications received after the prescribed dates will be considered.

Applications sent by post should be addressed to The Secretary, The University of Newcastle, N.S.W. 2308.

Students proposing to attempt the University of Sydney Matriculation Examination in February, 1972 should indicate on the application for admission the subjects and levels proposed to be offered for examination, and must advise the Secretary of their results as soon as they are known.
PROCEDURES

Documentary evidence must accompany each application where studies have been carried out at secondary educational institutions outside New South Wales or where previous University studies have been undertaken.

Each student will be advised by letter of the outcome of his application and those accepted will be informed of the procedures to be followed for the completion of enrolment. However, it should be noted that in 1972 new students will be required to attend the University in person to have their enrolment approved and to pay fees. The days Wednesday, 16 February to Friday 18 February, 1972 have been set aside for this purpose.

PERSONS RE-ENROLLING IN UNDERGRADUATE COURSES

Undergraduates re-enrolling will be required to complete an enrolment form and lodge it with the Student Administration Office on or before Friday, 7 January, 1972. Students enrolled in 1971 will be sent a re-enrolment form with the advice of their examination results in December.

Students awaiting deferred or special examination results must also lodge a re-enrolment form on or before Friday, 7 January, 1972. The re-enrolment form should be completed on the basis that the student will be successful at the deferred or special examinations. Students unsuccessful at the deferred or special examinations will be notified in writing of the action they will be required to take to have their re-enrolment in 1972 approved.

Approval of Re-Enrolment

When a student's re-enrolment programme has been approved the authorised re-enrolment form will be posted to the student at his home address unless he indicates that it should be posted to his term address.

CANDIDATES FOR POSTGRADUATE DIPLOMA COURSES

DIPLOMA IN APPLIED PSYCHOLOGY

Applicants for admission to the Postgraduate Diploma in Applied Psychology are selected biennially. No new candidates will be accepted in 1972.

DIPLOMA IN BUSINESS STUDIES

Intending candidates will be required to complete an Application Form to register as a candidate for the Postgraduate Diploma course in Business Studies and lodge it with the Student Administration Office on or before Friday, 21 January 1972.

Each student whose undergraduate studies were undertaken in another University, will be required to provide a full transcript of his academic record with his application.

Enquiries regarding this course and the conditions governing admission may be made to Mr. D. S. Karpin, Department of Commerce, extension 214 or dial 68 5214.

DIPLOMA IN COMPUTER SCIENCE

Intending candidates will be required to complete an Application Form to register as a candidate for the Postgraduate Diploma course in Computer Science and lodge it with the Student Administration Office on or before Friday, 21 January, 1972.

Each student, whose undergraduate studies were undertaken in another university, will be required to submit a full transcript of his academic record with his application.

DIPLOMA IN EDUCATION

Intending candidates will be required to complete an Application Form to register as a candidate for the Postgraduate Diploma course in Education and lodge it with the Student Administration Office as soon as possible but in any case not later than Friday, 21 January, 1972.

Each student whose undergraduate studies were undertaken in another university will be required to submit a full transcript of his academic record with his application.

Notices will be displayed on the University Notice Boards giving information as to where and when prospective candidates will be interviewed concerning their studies.
PROCEDURES

DIPLOMA IN INDUSTRIAL ENGINEERING

Intending candidates will be required to complete an Application Form to register as a candidate for the Postgraduate Diploma course in Industrial Engineering and lodge it with the Student Administration Office on or before Friday, 21 January, 1972.

Each student, whose undergraduate studies were undertaken in another University, will be required to submit a full transcript of his academic record with his application.

CANDIDATES FOR THE DEGREE OF MASTER OR OF DOCTOR OF PHILOSOPHY

Candidates Re-Enrolling

A letter will be sent by the University to each candidate whose re-registration is approved. A higher degree enrolment form will be enclosed with the letter and the candidate will be required to complete the form and return it to the Student Administration Office on or before Friday, 7 January, 1972.

Candidates Registering for the First Time

These persons should complete an Application Form to register as a candidate for a Higher Degree and lodge it with the Student Administration Office on or before Friday, 21 January, 1972. A separate application form will be available for candidates wishing to register for a Course Work Masters degree.

NON-ACCEPTANCE

The student whose enrolment is not accepted will be notified in writing.

LATE ENROLMENTS

(i) Students who are unable to lodge their Application Form or Enrolment Form by the prescribed date, shall make written application to The Secretary for an extension of time. This application must be received by The Secretary on or before Friday, 21 January, 1972 in the case of new students, or Friday, 7 January, 1972 in the case of students re-enrolling, otherwise the University reserves the right not to accept the student’s application or enrolment.

(ii) No enrolments will be accepted after 31 March of each academic year without the approval of The Secretary which shall be given only in exceptional circumstances.

PROCEDURES

(iii) Deferred Examinations

A student who has taken a deferred examination or special examination will be required to lodge an Enrolment Form with the Student Administration Office within one week from the day of publication of the examination results.

“SHOW CAUSE” STUDENTS

Students who, after failure at the annual examinations, are required to “show cause” why they should be allowed to continue in a course or to re-enrol in a subject (or subjects) as the case may be, will be informed of this fact in writing after notification of examination results in December. Such a student will be provided with a form on which he must state his “show cause” case.

The student’s “show cause” statement and completed re-enrolment form must be lodged with the Student Administration Office on or before Friday, 7 January, 1972.

STUDENTS WISHING TO RE-ENROL AFTER A PERIOD OF EXCLUSION

A student wishing to re-enrol after a period of exclusion should make an appointment for an interview with the Dean of the Faculty concerned before Friday, 7 January, 1972 to present his case for the acceptance of his re-enrolment.

UNIVERSITY SKILLS ASSESSMENT

In the first week of First Term as part of its service to students, the Student Counselling Unit holds a voluntary half day session in which a variety of skills relevant to university work, such as Reading Speed, Note-Taking, Study Skills etc. are tested. Attendance is voluntary and results are completely confidential. Many students derive benefit from later discussing their results with a counsellor. Some students are later invited, (on the basis of a weak result) to participate in a course designed to overcome their particular difficulty.

ENROLMENT IN CORRECT SUBJECTS

Considerable inconvenience is caused to the University and to the student if he attends classes in a subject in which he has not enrolled. It is essential that the student consider carefully the subjects he is required, or wishes, to enrol in before submitting his Enrolment Form.
PROCEDURES

WITHDRAWAL FROM THE COURSE REGARDED AS FAILURE

Approval to withdraw from a course is not automatic. It should be noted that a student is regarded as having failed in a course if he enrolls in it and does not pass the annual examinations — i.e. not sitting for the examination is regarded as not passing the examination (unless withdrawal without penalty has been approved).

A student is required to notify The Secretary to the University in writing of his withdrawal within seven (7) days of the date of withdrawal. Unless the Dean of his Faculty grants him permission to withdraw without penalty, a student who withdraws after the date shown below will be deemed to have failed in the subject or subjects from which he withdraws.

(a) Faculties of Arts, and Economics and Commerce
   Second Friday in Second Term
(b) Faculties of Applied Science, Architecture, Engineering, Mathematics, and Science
   Sixth Monday in Second Term

AMENDMENTS

Any action taken by a student which involves an amendment to or a variation in his course programme or enrolment status is required to be documented.

A student must formally apply for permission to do any of the following:
(a) completely withdraw from course
(b) withdraw from a subject or subjects
(c) substitute one subject for another
(d) add a subject to existing programme
(e) transfer from F/T to P/T within degree course
(f) transfer from P/T to F/T within degree course
(g) transfer from one degree course to another
(h) transfer from a degree course in one Faculty to a degree course in another Faculty

If the variation sought is not listed above, a brief indication of the nature of the change sought is required.

NOTES

1. Exemptions in a subject unit or units, the substitution of a unit or units within a subject and exemption from practical work, is the responsibility of the Head of the Department concerned who will authorise such exemption or exemptions.
2. Students are reminded that compliance with the Degree or Diploma Requirements governing their courses is their responsibility. Approval of a Variation Application does not of itself entitle the applicant to any rights or privileges to which the completion of his previous programme might have entitled him.

HOW TO DOCUMENT WITHDRAWALS AND AMENDMENTS

All withdrawals and amendments should be recorded on a Variation Application Form.

It is essential that students notify the Student Administration of variations in their courses promptly. Automatic approval is not given: the student must have valid and sufficient reasons for making the change and these reasons should be stated on the Variation Form.

Variation Forms are available from the Student Administration Office.

CHANGE OF ADDRESS

Students are responsible for notifying the Student Administration Office in writing of any change in their address as soon as possible.

Failure to do this could lead to important correspondence or course information not reaching the student. The University cannot accept responsibility if official communications fail to reach a student who has not notified the Student Administration Office of a change of address.

A Variation Application Form should be used to notify a change of address.

IDENTITY CARDS

Each student wishing to obtain a travel concession, to borrow a book from the Library or to confirm his membership of the Newcastle University Union is required to produce on demand the identity card which will be given to him.
PROCEDURES

Identity cards will be issued to students at the Student Administration Office and should be available for collection soon after the commencement of First Term. The student will be required to produce his fee receipt before an identity card will be issued to him.

A notice will be displayed on notice boards and inserted in "University News" advising students when identity cards are available for collection.

Loss of Identity Card

If a student loses his identity card he should pay to the University Cashier, the sum of 50 cents, and present the receipt to the Student Administration Office for the purpose of obtaining a replacement card.

Return of Identity Card

Each student, who during the academic year withdraws completely from his course, will be required to hand his Identity Card to the Student Administration Office before leaving the University.

Non-Degree Students and Identity Card

Each non-degree student, who does not elect to pay the General Service Fee, will be issued with an identity card appropriately endorsed. It must be shown on request to prove status as a student of the University.

TRAVEL CONCESSIONS

The various transport authorities provide fare concessions for certain classes of students.

Application forms for these concessions may be obtained at the Student Administration Office, Building "A".

The Student's Identity Card has to be produced each time a concession is required.

OMNIBUS — Concessions are available to:

(a) students under 18 years of age irrespective of whether they are employed or receive income or remuneration.
(b) students who are 18 but under 30 years of age and who are not in employment nor in receipt of any income or remuneration.

Note: Income or remuneration includes allowances paid to Colombo Plan students, Public Service trainees, etc. but does not include allowances paid to holders of Commonwealth Scholarships, Teachers' College Scholarships or Bursaries granted by the State Bursary Endowment Board.

(c) Concessions are not available to students who are 30 years of age or over; or to married women or ordained clergymen.

TRAIN —

(a) Periodical tickets are available during term to full-time students not in employment nor in receipt of any remuneration.
(b) Daily concession fare tickets are available to part-time students, whether employed or otherwise, for the purpose of travelling to and from classes held in connection with their course of instruction.
(c) Vacation travel concessions are available to students qualifying under (a) above.

AIRCRAFT —

Concession fares for travel overseas, inter-state and intra-state are available under the conditions ruling for the various operating companies.

LOST PROPERTY

Inquiries regarding lost property should be directed to the Attendant (Patrol) at the rear of the Main Lecture Theatre B01 (Room 04).
FEES

GENERAL INFORMATION

COMPLETION OF ENROLMENT

Fees are determined by the University Council and are subject to alteration without notice.

Enrolment is not effective until fees for the course in which the student has enrolled, are paid. Fees should be paid on or before Tuesday, 22 February, 1972. After that, a late fee will apply. Enrolments will not be accepted after 31 March, 1972 without the Secretary's special written approval. This will be given only in exceptional circumstances.

Payment of fees by mail is encouraged. Money Orders should be made payable at the Newcastle University Post Office, 2308. The Cashier's Office is located on the first floor of the Administration Building. A continuous service will apply from 9.00 a.m. to 4.30 p.m. Monday to Friday throughout the year with the exception of vacation periods when the Cashier's Office will be closed between 12.30 p.m. and 1.30 p.m.

Any alterations to the Cashier's hours during enrolment periods will be published in the press and displayed on selected University notice boards.

PAYMENT OF FEES BY TERM

The Entrance Fee and General Services Fee must be paid in full at the time of enrolment. However, students may pay Course Fees by the term, in which case they are required to pay First Term Course Fees and the whole of the General Services Fee by the due date.

Students paying fees under this arrangement will receive accounts for Second and Third Term fees prior to the commencement of these terms.

EXTENSION OF TIME IN WHICH TO PAY FEES

Students who are unable to pay fees by the prescribed date may apply in writing to the Vice-Principal for an extension of time in which to pay fees. Special forms are available for this purpose. Completed forms must be forwarded to the Vice-Principal's Office before Wednesday, 16 February, 1972.

SCHOLARSHIP HOLDERS AND SPONSORED STUDENTS

Students holding scholarships or receiving other forms of financial assistance must attach to their authorised enrolment forms submitted to the Cashier, warrants or other forms of documentary evidence that their fees will be paid by Sponsors. The University looks to Sponsors to provide a separate voucher, warrant or letter for each student sponsored. Where such documentary evidence is not available, students are expected to make payment by the due date to avoid late fees and apply for a refund of fees when the authority required is available.

* Refer page 35 for other Late Fees

FAILURE TO PAY FEES

Students cease to be entitled to membership and privileges of the University where they are indebted to the University and fail to make settlement or satisfactory arrangements regarding their indebtedness. Such a student is not permitted to register for a further term, to attend classes or examinations, or to be granted any official credentials. The student is not eligible to attend the annual examinations in any subject where any portion of his Course Fees or amounts due for other purposes are outstanding. In very special cases, the Vice-Principal may grant exemption from this disqualification upon receipt of a written statement setting out all the relevant facts.

FEE ADJUSTMENTS

* Should an application to withdraw from a course or a subject be approved, the University will consider an application for an adjustment of course fees based on the student's last date of attendance at lectures or tutorials. All correspondence dealing with adjustments to fees should be addressed to the Accountant.
1. GENERAL SERVICES FEE:
   (a) Students Proceeding to a Degree or Diploma
      As registered students must pay a General Services Fee of $42.00 per annum. In addition, students joining the University of Newcastle must pay the annual fee of $12.00. This fee must be paid by the prescribed time in First Term.
   (b) Non-Degree Student
      Payment of the General Services Fee by a non-degree student is optional. A student cannot elect to pay portion of this fee.

2. UNDERGRADUATE COURSE FEE:
   Full-time:
   - Faculty of Arts, Economics/Commerce, Mathematics
   - All other Faculties
   Part-time Course:
   - All Faculty
   - Non-Degree Subject

3. POSTGRADUATE DIPLOMA/COURSE FEES:
   Full-time:
   - 334 p.a.
   Part-time:
   - 231 p.a.

4. FEES FOR DEGREE OF MASTER:
   (a) Research and Thesis
      Registration Fee:
      Course & Supervision Fee (full-time)
      Course & Supervision Fee (part-time)
      Final Examinations & Graduation Fee
   (b) Course Work and Dissertation or Formal Study Courses
      Registration Fee:
      Course & Supervision Fee (full-time)
      Course & Supervision Fee (part-time)
      Final Examinations & Graduation Fee

5. FEES FOR THE DEGREE OF DOCTOR OF PHILOSOPHY:
   Qualifying Examination Fee (if applicable) *
   Registration Fee
   Course & Supervision Fee (full-time)
   Course & Supervision Fee (part-time)
   Final Examinations & Graduation Fee
   * Payable when examination is prescribed for the assessment of a degree candidate.

6. RESUBMISSION OF THESIS:
   A candidate who wishes to resubmit a thesis will not be required to resubmit in which case the new appropriate course and supervision fees are appropriate to the degree course in which the student is registered.

7. LATE FEES:
   (a) Late payment fee
   (b) Penalty fee on all late fees.
   (c) Further penalty if late by
   (d) Late registration fee when
   (e) Late examination fee when

8. OTHER FEES:
   (1) Deferral examinations: per case
   (2) Examination centre special fees
   (3) Review of examinations: per case
   (4) Statement of matriculation fees
   (5) Laboratory Kits: per kit

November, 1971.
Where notification of withdrawal from a course is received by the Secretary before the first day of First Term, a refund will be made of all Course Fees. Where a student for acceptable reasons notifies the termination of a course before the end of the fifth week of term, one-half of the Course Fees for the term may be refunded. If the student notifies termination of a course after the end of the fifth week of term, no refund will be made for that term.

THE UNIVERSITY RESERVES THE RIGHT TO DEFER PROCESSING APPLICATIONS FOR FEE REFUNDS RECEIVED IN THE EARLY PART OF FIRST TERM UNTIL AFTER THE SIXTH WEEK OF FIRST TERM.

The University Administration does not refund any portion of the General Services Fee. Students withdrawing from courses may enquire of the University Union, Sports' Union and Students' Association regarding refund possibilities.

DESIGNATION OF STUDENTS

FULL-TIME STUDENTS

A Full-Time Student is a student who enrolls in more than half the subjects of a normal first year course and such a student remains classified as a full-time student until the written approval of the Dean of the Faculty is given that he re-classified as a part-time student. This re-classification would be exceptional.

PART-TIME STUDENTS

A Part-Time Student is either one who enrolls in half or less than half of the subjects of a normal first year course or one who enrolls in a part-time course. In subsequent years, the enrollment as a part-time student requires the approval of the Dean of the Faculty.

NON-DEGREE STUDENTS

A Non-Degree Student is a student who is permitted to enrol in one or more subjects of a first degree course. Such a person is not eligible to proceed to a degree and cannot enjoy the privileges of a matriculated student. A student enrolled in the Professional Accounting Studies course in the Faculty of Economics and Commerce is classified as a Non-Degree student taking one subject.

FEES

All fees are subject to variation without notice.

GENERAL SERVICES FEE

(a) Students Proceeding to a Degree or Diploma

All registered students must pay a General Services fee of $42.00 per annum which includes a Library Fee. In addition, students joining the Newcastle University Union for the first time, are required to pay an entrance fee of $12.00.

This fee must be paid by the prescribed date.

(b) Non-Degree Student

Payment of the General Services Fee by a non-degree student is optional. A non-degree student cannot elect to pay portion of this fee.

UNDERGRADUATE COURSE FEES

FULL-TIME

Faculties of Arts, Economics & Commerce, and Mathematics $330 per annum
All other Faculties $396 per annum

PART-TIME

All Faculties $198 per annum
Non-Degree Subject $108 per annum

POSTGRADUATE DIPLOMA COURSE FEES

Full-time $330 per annum
Part-time $198 per annum

LATE FEES

(a) Late payment fee if fees due are not paid within stipulated times approved by the Vice-Chancellor $6

(b) Additional amount payable if fees are not paid within an extended time approved by the Vice-Chancellor $4

(c) Late re-enrolment fee where a continuing student fails to lodge an enrolment form by the date approved by the Vice-Chancellor $10

(d) Late payment fee where an application to sit for examination is accepted after closing date $4

Late fees in accordance with (a) and (b) above are applicable where a student has been granted an extension of time in which to pay fees and fails to pay these fees by the prescribed time.

*Payable when an examination is prescribed for the assessment of a student prior to registration as a higher degree candidate.

HIGHER DEGREE FEES

Course and Supervision Fee

This fee for Higher Degree candidates is assessed on a term basis, the period of registration being from the first day of the term to the Friday immediately preceding the first day of the following term. Candidates proceeding to a Higher Degree must enrol or re-enrol at the beginning of each academic year at the normal enrolment time. The usual late fees apply in respect of late enrolments.

All fees and monies owing to the University by a Higher Degree candidate must be paid before the student’s thesis can be lodged for examination.

Where a Higher Degree candidate withdraws from a course during a term, no portion of the term fee will be refunded.

General Services Fee

Higher Degree candidates are required to pay the General Services Fee (see page 35). Where a Higher Degree candidate's enrolment is effective from first or second term, the General Services Fee covers a period of registration from the first day of the term to the Friday immediately preceding the first day of first term in the following academic year. Where a Higher Degree candidate enrolls on or after the first day of third term, the General Services Fee paid will cover liability in respect of this fee to the end of the long vacation following the next academic year.

Re-submission of Thesis

A candidate required to re-submit a thesis, will not be required to pay further fees, unless laboratory work is involved, in which case the appropriate course and supervision fee will be payable on a term basis. The General Services Fee will also apply.
GENERAL REQUIREMENTS

The University tries to function with a minimum of formal regulations; it has, for instance, drawn up no code of conduct for students, beyond forbidding gambling in the precincts and smoking in lectures, examinations and the Library.

It is obvious, however, that there must be standard practice throughout the University in such diverse matters as examination procedures and car parking and an acceptance of certain requirements which are described in the following pages.

ACADEMIC REQUIREMENTS

The student is responsible for informing himself as to, and for complying with, University requirements, especially the requirements relating to admission and to the award of the degree to which he is proceeding.

NOTICES

Official University notices are displayed on the notice boards and students are expected to be acquainted with the contents of those announcements which concern them.

NOTICE BOARDS

EXAMINATIONS

A notice board has been placed on the wall opposite the entrance to the Main Lecture Theatre (B.01) for the specific purpose of displaying examination timetables and notices concerning all matters pertaining to examinations. Students are specifically requested to be acquainted with the notices periodically displayed thereon.

STUDENT MATTERS GENERALLY

The Main notice board is the display point for notices concerning enrolment matters, scholarships, University rules and travel concessions, etc. This notice board is located on the first floor at the top of the main staircase in Building "A".

ATTENDANCE AT CLASSES

Students are expected to be regular and punctual in attendance at all classes in the course or subject in which they are enrolled.

All applications for exemption from attendance at lectures or practical classes must be made in writing to the Head of the appropriate Department. If term examinations have been missed this fact should be noted in the application.

GENERAL REQUIREMENTS

In the case of illness or of absence for some other unavoidable cause a student may be excused by the Head of the appropriate Department for non-attendance at classes.

Applications for exemption from re-attendance at classes, either for lectures or practical work, may only be approved on the recommendation of the Head of the appropriate Department. The granting of an exemption from attendance does not carry with it exemption from payment of fees. Where a student has attended less than 80 per cent. of the possible classes, he may be refused permission to sit for the annual examination in that subject.

OWNERSHIP OF STUDENT'S WORK

Unless other arrangements have been agreed upon the University reserves the right to retain at its own discretion the original or one copy of any drawings, models, designs, plans and specifications, essays, theses, or other work executed by students as part of their courses, or submitted for any award or competition conducted by the University.

STUDENT IDENTIFICATION

Students are expected to carry their Identity Card as evidence that they are entitled to the rights and privileges afforded by the University.

Each student wishing to obtain a travel concession, to borrow a book from the Library or to confirm his membership of the Newcastle University Union is required to produce on demand his identity card.

Identity cards will be available for collection at the Student Administration Office soon after the commencement of First Term. The Student must produce his fee receipt before an identity card will be issued.

Loss of Identity Card

If a student loses his identity card, he should pay to the University Cashier, the sum of 50c., and present the receipt to the Student Administration Office for the purpose of obtaining a replacement card.

Return of Identity Card

- Each student, who during the academic year withdraws completely from his course, will be required to hand his Identity Card to the Student Administration Office before leaving the University.
GENERAL REQUIREMENTS

CHANGE OF ADDRESS

Students are responsible for notifying the Student Administration Office in writing of any change in their address as soon as possible. Failure to do this could lead to important correspondence or course information not reaching the student. The University cannot accept responsibility if official communications fail to reach a student who has not notified the Student Administration Office of a change of address. The Transport Authorities may challenge a student whose address on his identity card is incorrect. A change of address should be notified on a Variation Application Form.

GENERAL CONDUCT

Acceptance as a member of the University implies an undertaking on the part of the student to observe the by-laws and other requirements of the University.

Students are expected to conduct themselves at all times in a seemly fashion. Smoking is not permitted during lectures, in examination rooms or in the University Library. Gambling is forbidden.

Members of the academic staff of the University, senior administrative officers, and other persons authorised for the purpose have authority, and it is their duty, to check and report on disorderly or improper conduct occurring in the University.

PARKING OF CARS

TRAFFIC REGULATIONS

1. "Authorised Person" means a person authorised in writing by the Vice-Chancellor for the purposes of these Regulations.

"Notice" means a written advice signed by an authorised person on behalf of the Vice-Chancellor.

2. Any student, member of the academic staff or other person employed by the University who wishes to bring a motor vehicle on to the Shortland site shall obtain a University parking permit which shall be clearly displayed on the vehicle.

3. No person shall park or leave any vehicle on the Shortland site except in places set aside from time to time for parking.

4. No person shall drive any vehicle on to the University site:
   (a) in a dangerous or careless manner
   (b) at a speed exceeding 20 miles per hour
   (c) so as to cause undue noise
   (d) other than on formed roads currently open for traffic

5. The driver of any vehicle within the Shortland site shall comply with the directions shown on all traffic signs, road markings and directory notices. Government traffic regulations shall apply to marked pedestrian crossings.

6. Any person who contravenes or fails to observe any of the above regulations may be advised in writing by a notice which may be posted or handed to the person or affixed to his vehicle by an authorised person.

7. Any person who contravenes or fails to observe any of these regulations shall, if a student, be deemed guilty of a breach of discipline (By-Law 4) or if in the employ of the University, be deemed guilty of a breach of regulations and may be dealt with accordingly.

8. The maximum penalty for the time being which may be applied under these regulations shall be the banning for a period of three months of any vehicle driven by the person concerned.

NOTE:

Permits may be obtained from the Senior Attendant (Patrol) in Room 04 at the rear of the main lecture theatre (B.01) between 9 a.m. and 5 p.m. on Mondays to Fridays inclusive.
EXAMINATIONS

Examinations and other exercises may be held in any subject and at any time. In the assessment of a student's progress in a University course, consideration will be given to laboratory work and class exercises and to any term or other tests conducted throughout the year. The results of such examinations and class work may be incorporated with those of the annual examinations.

ANNUAL EXAMINATIONS

A student desiring to sit for an annual examination must lodge an application with the Secretary on the appropriate form by the prescribed date, 16 June, 1972.

A student who, because of religious convictions, would prefer not to sit for an examination on a particular day or particular day of the week should indicate this in writing when lodging his application to sit for examinations. While the University cannot guarantee to meet such requests it will be willing to co-operate where possible.

The cashier is authorised to receive application forms during the three weeks immediately following the prescribed closing date if they are accompanied by a late fee of $4.00. Applications submitted more than three weeks after the closing date will not be accepted except with the approval of the Secretary. Where an application is not accepted, the student concerned is not eligible to sit for the examination.

No student is eligible to attend the annual examination in any subject if any portion of fees or other charges due by him is outstanding by the end of the third week of third term.

The annual examinations take place in November-December. Timetables showing the time and place at which individual examinations will be held will be posted on the examinations notice board near the Main Lecture Theatre. Misreading of the timetable will not under any circumstances be an acceptable excuse for failure to attend an examination.

Examinations are conducted in accordance with the following rules and procedure:
(a) Candidates are required to obey any instruction given by a Supervisor for the proper conduct of the examination.
(b) Candidates are expected to be in their places in the examination room not less than ten minutes before the time for commencement of the examination.
(c) No bag, writing paper, blotting paper, manuscript or book, other than a specified aid, is to be brought into the examination room.
(d) No candidate shall be admitted to an examination after thirty minutes from the time for the commencement of the examination.
(e) No candidate shall be permitted to leave the examination room before the expiry of thirty minutes from the commencement of the examination.
(f) No candidate shall be re-admitted to the examination room after he has left it unless during the full period of his absence he has been under approved supervision.
(g) A candidate shall not by any improper means obtain or endeavour to obtain assistance in his work, give or endeavour to give assistance to any other candidate, or commit any breach of good order.
(h) Smoking is not permitted during the course of an examination.
(i) A candidate who commits any infringement of the rules governing examinations is liable to disqualification at the particular examination and if detected at the time, to immediate expulsion from the examination room, and is liable to such further penalty as may be determined.

FURTHER EXAMINATIONS

After completion of the written annual examination papers, a student may be called upon by an examiner to complete further written, practical or oral tests as part of the annual examination. It is therefore important that the Examinations Section be advised of any change in address from that given on the Application for Admission to Examinations.

EXAMINATION RESULTS

The official examination results will be posted on the notice board at the top of the main staircase. Each student will be advised by mail of his examination results. A set of examination results will be offered to the newspapers for publication. No results will be given by telephone.

Examination results may be reviewed for a fee of $6.00 per subject, which is refundable in the event of an error being discovered. Applications for review must be submitted on the appropriate form together with the prescribed fee by the date notified in the publication of results.
SPECIAL EXAMINATIONS

Special examinations may be granted according to the conditions contained in By-Law 5.9.3 which states:

5. When a candidate is prevented by illness or by any other serious cause from presenting himself for the annual examination the appropriate Faculty Board may order a special examination for that candidate in the subject or subjects in which he was unable to present himself. The result of a special examination may be graded.

6. When a candidate's studies during the academic year have been gravely hampered by illness or other serious cause, the appropriate Faculty Board upon application being made to the Secretary to the University before the commencing date of the examination supported by medical or other proper evidence may direct the examiners to take the circumstances into account in determining whether or not a special examination should be provided for the candidate in any subject in which he does not pass at the annual examination.

7. When a candidate at the annual examination is to a substantial degree affected by illness during the course of an examination in any subject the appropriate Faculty Board, upon application being made to the Secretary to the University within three days after such examination or within such further period as the Vice-Chancellor may consider reasonable in the circumstances supported by medical or other proper evidence, may direct the examiners in that subject to take the circumstances into account if the candidate does not pass therein in determining whether or not a special examination or test should be provided for him: provided that no such application shall be considered unless the candidate either during or immediately after such examination reports to the supervisor in charge the circumstances relied on in the application.

DEFERRED EXAMINATIONS

Deferred examinations may be granted in the Faculties of Applied Science, Architecture, Engineering, and Mathematics. The examinations will be held in January-February and results will be published in the same manner as for the annual examinations.

ACADEMIC PROGRESS REQUIREMENTS

GENERAL

To assist those students who may be unsuited to university study or whose circumstances jeopardise success at study and to deal with those students whose lack of success has a detrimental effect on the work of the course, the University has enacted certain By-laws relating to continuation in a course. The relevant By-laws are set out below.

BY-LAWS

By-law 5.4.1 — Unsatisfactory Progress

1. The Head of a Department in any Faculty may determine that a student taking a subject or course offered by the Department shall be excluded from any examination for which the Department is responsible for any or all of the following reasons:—

(a) unsatisfactory attendance at lectures;
(b) failure to complete laboratory work;
(c) failure to complete written work or other assignments; or
(d) failure to complete field work.

2. The Faculty Board may review the academic progress of any student enrolled in the Faculty concerned who fails in, or is absent from, or is excluded under section 1 of this By-law from any examination and may determine:—

(a) that the student be excluded from further study in a subject;
(b) that the student may enrol in that Faculty only in such subject or subjects as the Faculty Board shall specify; or
(c) that the case be referred to the Admissions Committee if, in the opinion of the Faculty Board, the student should be excluded from a degree course, from the Faculty or from the University.

3. The Admissions Committee, in considering a referral under subsection (c) of section 2 and after giving the student an opportunity to be heard, may determine:—

(a) that the student be excluded from a degree course or from the Faculty;
ACADEMIC PROGRESS REQUIREMENTS

(b) that the student shall be permitted to continue his course, subject to such conditions as the Admissions Committee may determine; or

(c) that the case be referred to the Vice-Chancellor with the recommendation that the student be excluded from the University.

4. The Vice-Chancellor may, on the recommendation of the Admissions Committee exclude from the University any student whose academic record in the opinion of the Vice-Chancellor and the Admissions Committee demonstrates the student's lack of fitness to pursue University studies.

By-law 5.4.2 — Show Cause

1. A student shall show cause why he should be allowed to repeat a subject in which he has failed more than once. Failure in a deferred examination as well as the annual examination counts for the purposes of this By-law as one examination.

2. (1) A full-time student shall show cause why he should be allowed to continue a course if all subjects of the first year of his course are not completed by the end of his second year of attendance.

   (2) A part-time student shall show cause why he should be allowed to continue a course if all subjects of the first two stages of his course are not completed by the end of his fourth year of attendance.

3. (1) A student who has a record of failure at another University shall show cause why he should be admitted to the University.

   (2) A student admitted to a course at the University following a record of failure at another University shall show cause, notwithstanding any other provision in this By-law, why he should be allowed to continue in that course if he is unsuccessful in the annual examinations in his first year of attendance at the University.

4. A student required to show cause shall have his application considered by the Admissions Committee which shall determine whether the cause shown is adequate to justify the student's being permitted to continue his course or to re-enrol as the case may be.

By-law 5.4.3 — Re-Enrolment

1. Any student who has been excluded from a Faculty shall not be allowed to enrol in another Faculty without the permission of the Faculty Board concerned.

2. Any student excluded from a degree course or from a Faculty or from the University may apply after two academic years to the Admissions Committee for re-admission to any such Faculty or to the University. If the Admissions Committee is satisfied that the condition or circumstances of any such student have so changed that there is reasonable probability that he will make satisfactory progress in his studies it may authorise the re-admission of that student under such condition as it may determine.

By-law 5.4.4 — Appeal Against Exclusion

1. A student who is refused permission to enrol under the provisions of section 1 of By-law 5.4.3 may appeal to the Senate.

2. A student who has been excluded from any degree course or from a Faculty or from the University may appeal to the Council.

PROCEDURES

The onus is on a student required to "Show Cause" to take the appropriate action should he wish to re-enrol. Such a student must lodge his "Show Cause" statement and completed re-enrolment form by the date prescribed each year to ensure consideration of his case.
THE LIBRARY

The Library, totalling approximately 190,000 volumes and made up of monographs, pamphlets, serials and microform sets, exists to acquire, preserve and make available for use all research materials needed by the staff and students of the University.

There is an almost complete freedom of access to the collections, and students are encouraged and aided to learn how to use, as soon as possible, the Library and its contents. On his first visit to the Library the student is provided with a brochure outlining the Library's resources, its services, such as the copying service, its special facilities, such as the microprint reading room, and procedure for borrowing.

The Library, fittingly, occupies a central position on the site, next to the Union.

UNIVERSITY SERVICES

AMENITIES

The Amenities Office is located in the temporary building adjacent to the main University building.

The Amenities Officer and his Staff assist students in the following fields:

SPORT

The Amenities Officer, Mr. Bradford is liaison officer for all sporting matters between the Sports Union, the University and all outside sporting organisations.

The Amenities Office assists student Sporting Clubs in the arranging of Inter-varsity contests and travel as well as giving help when required at club level.

ACCOMMODATION

The Amenities Office conducts a student accommodation service for students requiring housing and will deal with any accommodation problems which students may encounter while attending the University.

A register is maintained of rooms, flats and private board available in Newcastle. Do not hesitate to use this service which is operated for the convenience of students.

INSURANCE

The Amenities section on behalf of the Sports Union is responsible for the operation of the Personal Accident Insurance Scheme.
The Appointments Office was established in 1971 primarily to help students obtain information about careers and to assist graduating students find employment.

All new students are invited to consult the Appointments Office sometime during their first year at the University. Follow up consultations during second and third years may serve to bring the student to a state of mind where he or she feels confident that his or her chosen career is suitable and within the realms of possibility. The Appointments Office would hope to have available or to obtain information for the student in order that by a little research in the early years, frustration and disappointment can be avoided after graduation.

Careers Library
1. A section of the Careers Library will contain books, periodicals, articles, etc. giving general information on various professional occupations.
2. Information is being assembled about the manpower requirements of numerous employers — types of graduates needed, educational qualifications for appointment, experience gained, prospects etc.
3. Professional associations are being approached to supply information about the activities of their bodies, conditions of membership and application forms.

During 1972 it is hoped that the Appointments Office will move into Building "A", when a Library and Reading Room will become available in which students may consult relevant material.

Employer Interviews
Some employers have representatives come to the University for the purpose of giving students first hand information about the kinds of graduates recruited, the job involvement, salaries, prospects etc.

Students make appointments to interview the representatives singly or in small groups.

Employment Vacancies
Some Government Departments inform the University on a regular basis of vacancies within their organizations, other employers only as specific vacancies occur.

The 'Positions Vacant' columns of a major local newspaper are always on hand.

Casual and Part-time Employment
Unfortunately, it is a fact of life that some students do not have enough money to sustain them during University studies, and have to supplement their financial resources by part-time or casual work. Students may call at the Appointments Office at the commencement of each year and complete a card indicating their needs. As opportunities are notified to the Appointments Office, appropriate students are informed.

The Appointments Office will provide administrative assistance to the Faculties seeking professional vacation employment for their students. Vacation employment will be sought for those students seeking employment for financial reasons.

Graduate Careers Directory
The Graduate Careers Council of Australia prepares a Directory in three parts for distribution each year to graduating students. The Directory provides general background information on the types of appointments that will be available with a large number of employer organizations in the ensuing year. The Appointments Office arranges distribution of this Directory; a few spare copies are available upon request for undergraduates.

All students are invited to consult and use the resources of the Appointments Office; this service is free.

The Appointments Office is located in Room U.10 in the Temporary Buildings.
CHAPLAINCY SERVICE

A Chaplaincy Service within the University of Newcastle for the benefit of students and members of staff is provided by the Christian Churches of Newcastle.

The service offers personal counselling and guidance, and also assistance in biblical and doctrinal studies. Opportunities for liturgical worship are also provided.

The Chaplains' office is situated on the Ground Floor of the Main Administration Building at Shortland.

The Chaplains are in regular attendance at the University but they may also be contacted at their private addresses.

HALL OF RESIDENCE

Stage One of the First Hall will provide accommodation for 173 students and about 12 tutors. The Hall is governed by a Board of Trustees consisting of the Warden and six members, three of whom are nominated by the Council, two elected by the students of the Hall and one by the resident tutors. The Hall is situated near the South Eastern boundary of the Sports Oval, close to the tennis and squash courts.

At the time of writing, fees have not been determined.

Applications for residence should be sent to the Warden, First Hall of Residence, University of Newcastle, N.S.W. 2308.

**Warden**
Dr. M. W. Blackmore, B.Sc., Ph.D.(Belf.)
STUDENT COUNSELLING UNIT

The Student Counsellors assist students—past, present and future—in a wide variety of matters. Most students, whatever their academic level, at one time or another need help in dealing with difficulties which arise during the course of their University lives.

A student should not feel that he or she must have a major problem before consulting a Counsellor. Many worries take only a few minutes to clear up, and frequently the Counsellor's function is simply to direct a bewildered student to the right source of information.

Students who are worried about inadequate study methods, personal difficulties, choice of courses or career planning are invited to arrange an appointment with a Student Counsellor. All contacts with a counsellor are regarded as completely confidential.

The S.C.U. is divided into three major divisions—Personal Counselling, Study Skills Training and Research with some inevitable overlap between the sections. Apart from individual counselling, courses in an increasing number of areas are held for groups of students.

Student Counselling is now a thoroughly established and widely accepted part of University life throughout Australia, and at this University, approximately one-third of all students utilise it.

STUDY AT THE UNIVERSITY LEVEL

The S.C.U. published a brief but comprehensive book on this subject in 1967 and although it was produced specifically for the students of this University, and reflects the attitudes of several Heads of Departments here, it is already widely used in other Universities and tertiary institutions throughout Australia. A Revised Edition was published in November, 1969 as the first printing had sold out. It may be purchased from the Cashier at 40 cents per copy.

LOCATION

The Secretary to the S.C.U. and two Counsellors are located in the Administration Building (Room G75—entrance at the N.W. end of building). It is generally most satisfactory for students, both full-time and part-time, to make appointments through the Secretary. Counsellors are available for evening appointments.
UNIVERSITY SERVICES

STUDENT LOAN FUND

The Council of the University has established a Student Loan Fund which is managed by a committee consisting of the Deputy Chairman of Senate, the Bursar and the Vice-Principal (Chairman).

Loans may be made to an undergraduate where the committee is of the opinion that his academic performance is of sufficient merit and his financial circumstances warrant a loan.

The total outstanding accommodation to any one undergraduate shall not normally exceed $200 at any one time and an undergraduate granted a loan is required to enter into an agreement.

Repayment must commence not later than twelve months after graduation or when the borrower fails or withdraws from his course or on demand as required by the University. No interest is charged while the borrower is an undergraduate but interest at a rate of not less than 5% per annum on the balance owing from time to time is charged from the date of graduation or the date on which an undergraduate fails or withdraws from a course.

In special circumstances the Committee may grant a loan to a student other than an undergraduate.

Any student wishing to seek assistance from the Fund may apply in person to the Vice-Principal or through the President of the Students' Representative Council or his nominee.

OVERSEAS STUDENTS

Overseas students who wish to obtain any information or help are invited to see the Overseas Students' Adviser in the Student Counselling Unit.

UNIVERSITY HEALTH SERVICE

Pending the establishment of a Health Centre, an interim service, located in the Union, functions during term time. The medical officer, Dr. G. J. Cousins attends each Wednesday, and qualified nurses are on duty on the other days.

The service, which is free, is essentially diagnostic and does not undertake continuing treatments.

UNIVERSITY ORGANISATIONS

CONVOCATION

Convocation consists of members or former members of the University Council; graduates of the University or graduates of the University of New England or the University of New South Wales who spent at least three years as students at the Newcastle University College; full-time members of the academic staff and graduate permanent members of the administrative, library and technical staff; and graduates of other Universities, either resident in the Hunter Valley or North Coast areas or approved by Council, who have been admitted as members of Convocation by Council after payment of the fee prescribed by Council.

At least two meetings are held each year, an Annual Meeting during First Term and an ordinary meeting in Third Term.

Convocation elects a Chairman who is called the Warden of Convocation and whose term of office is two years, and a Standing Committee of Convocation consisting of the Warden and twelve other members.

This body, which has the right to discuss and to pronounce an opinion on any matter relating to the University and to communicate directly with either the Council or the Senate, provides a means whereby graduates can remain active in university affairs. Five of the members of the Council are elected by the members of Convocation.

OFFICE BEARERS

Warden — Mr. W. G. Derkenne, LL.B.(Syd.), B.A.

Secretary — Miss F. M. Burns, B.A.
NEWCASTLE UNIVERSITY UNION

The objects of the Union are to provide a common meeting ground and social centre for men and women who are members of the University; to promote the education and the intellectual culture of its members by debates and otherwise and, generally, to secure the co-operation of University men and women in furthering the interests of the University.

The Union maintains a fine building at Shortland which provides recreational and common room facilities for its members; a complete range of catering services; rooms for meetings and functions of all kinds including a film viewing room (16mm); billiards, table tennis, chess and music rooms; a reading room; a stationery shop catering for all members' academic needs; and the University Co-operative Bookshop. The offices of the Students' Representative Council and the Students' Counsellor together with the A.U.S. Travel Service, N.S.W. Banking Facilities and the Student Health Centre are also situated within the building.

Membership of the Union, obligatory for all registered students, is open to graduates, members of the University Council and the permanent staff of the University.

The conduct of the affairs of the Union is vested in the Board of Management comprising:

Two members appointed by the Council of the University
Ten members of the Union (at least two of whom must be graduates) elected by the members of the Union.
Two members of the Union who are members of the Students Representative Council.
One member of the Union who is a committee member of the Sports Union.
and the Secretary Manager of the Union.

Elections for the Board are held in the month of April.

President — Mr. G. S. Martin, B.A. (N.S.W.)
Secretary Manager — Mr. W. V. Bridgwater

THE UNIVERSITY OF NEWCASTLE COMPANY

The University of Newcastle Company is the Citizen Military Force's Unit affiliated with the University. The Company was formed in 1957 as a Sub-Unit of the University of Technology Regiment which is now called The University of N.S.W. Regiment. The current strength of the Company is 100.

The function of the Company is to train graduates and undergraduates for commissioned rank in the C.M.F. and the training designed with this in view, is done on an Infantry basis and consists of:

(a) An Annual Camp for three weeks in February
(b) An optional camp of fourteen days in December
(c) Two weekend bivouacs a year
(d) Parades on Friday nights of two hours duration
(e) Weekend day parades

The training programme is designed to fit in with vacations, examinations, and deferred examinations and there is practically no commitment in the third term. Leave is available from activities where a good reason exists.

Enlistment in the Company is voluntary and is open to all graduates or undergraduates who are 17 years of age or over.

Members of the University of Newcastle Company are eligible for the following benefits:

An opportunity to reach commissioned rank in 2-3 years.
Tax-free pay for all training undertaken.
Refund of travelling expenses.
An alternative to 2 years full-time National Service.
Opportunities for attendance at Regular Army Courses and short time attachments to Army units in Malaysia, New Guinea or Vietnam.
Free meals and accommodation at camps and bivouacs.
Free Uniforms.

Enquiries regarding conditions of service, and enlistment procedure should be made at the Training Depot which is in King Street, Newcastle West (opposite Birdwood Park). Phone No. 61 2121.

OFFICERS AND STAFF

Officer Commanding — Maj. F. O'Toole
Full-time Staff — WO2 K. Stoker
S/Sgt. P. Toohey
UNIVERSITY ORGANISATIONS

THE UNIVERSITY OF NEWCASTLE
SPORTS UNION

The Sports Union is the student organisation responsible for the promotion and control of sporting activities within the University. All students are automatically members of the Sports Union. There are twenty-six affiliated clubs: Athletics, Australian Rules, Badminton, Men's Basketball, Women's Basketball, Cricket, Fencing, Golf, Men's and Women's Hockey, Judo, Mountaineering, Men's and Women's Rowing, Rugby Union and Rugby League, Sailing, Ski-ing, Soccer, Softball, Squash, Surfriding, Swimming, Scuba, Table Tennis, Tennis, Volleyball, most of which participate in local competitions and send teams to Inter-varsity contests each year. Inter-Faculty Contests conducted throughout the year aim to stimulate friendly rivalry among the various Faculties, and to encourage a higher student participation in sport. Each club has a student representative on the Sports Union Committee, which meets monthly. The Executive consists of the President, Vice-President, Secretary, Treasurer, a representative of the University Council and the Amenities Officer. The Sports Union's annual income is derived from a portion of the General Services Fee and is used to meet such costs as equipment, affiliation fees and Inter-varsity contests.

For outstanding individual performance in sport, the University awards “Blues” each year at the Annual “Blues” Dinner.

The number of constituent clubs is increasing continually, and students interested in participating in any sport are urged to contact the Amenities Officer, Mr. Bradford, or one of the Sports Union Executive for further information. The Sports Union Amenities office is located in the temporary building adjacent to the main University building.

President — Professor R. G. Tanner, M.A.(Melb. and Cantab.)
Secretary — Miss C. F. Clarke, B.A.
Amenities Officer — Mr. H. Bradford

UNIVERSITY ORGANISATIONS

THE UNIVERSITY OF NEWCASTLE
STUDENTS' ASSOCIATION

Included in the General Services fee of the University, which all of you pay or have paid for you, is $8.00 subscription to the Students' Association. You are all financial members of this Association, and you have every right — and a duty to yourselves — to take part in the running of the Association and the administration of your collective assets. At present, the governing administrative body of the Association is the Students' Representative Council (SRC), with its standing committees, such as the finance committee, the disciplinary committee etc. The ultimate policy-making power rests with general meetings of the Association; these can be called at seven days notice by any twenty members of the Association presenting their signatures to the SRC Office, which is in the Union Basement, near the Music Room and Games area. The functions of the Association are many and varied.

Officers of the Association act as a method of liaison between the student body and the University authorities. Complaints and requests from students may be handled by the Education and Welfare Committee, or by the SRC as a whole when brought to its attention by one of the Faculty or General Representatives. At present, the Association has helped to finance and set up a Student Health Centre, in conjunction with the Union, Sports Union and the University and also helps provide automatic accident insurance cover for Association members.

One of the ways in which the income of the Association is spent is in grants to affiliated clubs and societies (which include cultural, social, political and religious societies). To this end the Vice-President is the Clubs' and Societies' Liaison Officer, and, with his assistant and the Clubs' and Societies' Committee, gives such help to these societies as they may seek from time to time.

The Association is also responsible for publishing the student newspaper “Opus”, the literary magazine “Nimrod” and the Orientation Handbook, which may be seen around the campus at the time of their publication. A weekly “Bulletin” is issued to publicise activities of the SRC, and affiliated clubs and societies.

Each year the Association organises, with assistance from the University and the Union, Orientation Week and other activities designed to help new students adjust to university life. Early in July Autonomy Day is also organised by the SRC — of this nothing need be said other than that it is the equivalent of Commem, Foundation Day, or similar activities at other universities.
UNIVERSITY ORGANISATIONS

As the Students' Association is a constituent member of the Australian Union of Students, students of the University may take part in the activities of this body. Some of these activities which affect students more directly are the several intervarsity cultural festivals, travel to New Zealand and many countries in Asia, village schemes in Papua/New Guinea, raising money for aboriginal scholarships and World University Service, national campaigns on education, and the national student newspaper, National "U".

The Association, via general student meetings, ad hoc committees, and its officers pursues policy on a wide variety of social, political, educational and welfare activities both internal to the campus and affecting our society as a whole. Frequently, controversial issues are raised and discussed. The ultimate decision on what your Association does, and how your money is spent, depends on all of you. The executive officers of your association are not there to decide policy, but to carry out your decisions. We can only do this if you make these decisions, by offering candidates for elections, voting at these elections, coming to general meetings and letting us know your requests and complaints. Like God, we can only help those who help themselves.

PRESIDENT — Mr. A. Svirskis
SECRETARY — Miss Lesley E. Stead, (B.A.)

FACULTY OF ARCHITECTURE

UNIVERSITY OF NEWCASTLE ARCHITECTURAL STUDENTS' ASSOCIATION

Membership is open to both students and staff of the Faculty of Architecture as well as the members of the Architectural profession. Students of other faculties are admitted as associate members.

The Society aims at bringing together students of the various levels within the Faculty and holds regular functions, social and academic, including guest lectures by prominent members of the profession.

Announcements of the Architectural Students' Association are found on the Faculty's Notice Board.

ACADEMIC DRESS

The Academic Dress worn by graduates of the Faculty of Architecture of the University of Newcastle are as follows:

GOWNS
Degree of Bachelor — A gown of black cloth as worn by Bachelors of the University of Cambridge.
Degree of Master — A gown of black cloth as worn by Masters of Arts of the University of Cambridge.
Degree of Doctor of Philosophy — A gown of garnet cloth faced with silver grey to a width of 4 inches.

CAPS AND BONNETS
Degree of Bachelor and Master — For men, a black cloth trencher cap, for women a black Canterbury cap.
Degree of Doctor of Philosophy — A black velvet bonnet with a silver cord.

HOODS
Degree of Bachelor of Architecture — A full hood of black silk lined to a depth of 6 inches with garnet.
Degree of Master of Architecture — A full hood of black silk lined with garnet.
Degree of Doctor of Philosophy — A hood of garnet lined with silver grey.
SCHOLARSHIPS AND AWARDS

COMMONWEALTH UNDERGRADUATE SCHOLARSHIPS

The Commonwealth Government offers full or part-time scholarships to eligible architecture students covering University Fees and, in certain cases, living allowances.

Conditions may be obtained from the University Administration.

Closing date for applications is 31st October of the preceding year.

COMMONWEALTH POSTGRADUATE AWARDS

The Commonwealth Government is providing each year a number of awards for postgraduate study and research tenable in the Australian Universities. In the University of Newcastle the awards provide a substantial stipend. In addition, holders of these awards will be exempt from University tuition fees. The awards are tenable for one year but may be extended to a maximum duration of four years.

Persons domiciled in Australia who are University graduates or will graduate in the current academic year are eligible for the awards, the conditions of which may be obtained from the University Administration.

Applications for awards must be lodged with the Secretary by 31st October each year.

PRIZES

BOARD OF ARCHITECTS OF NEW SOUTH WALES

An annual prize of $40 is offered to the Architecture student at the University of Newcastle showing the greatest proficiency in completing his course.

ROYAL AUSTRALIAN INSTITUTE OF ARCHITECTS, NEWCASTLE DIVISION

An annual prize of $20.00 shall be awarded to each of the students, if of sufficient merit, who achieve the highest level of academic proficiency in:

(i) Year I or Stage I;
(ii) Year II or equivalent subjects of Stages 2 and 3;
(iii) Year III or equivalent subjects of Stages 3 and 4;
(iv) Year IV or Stage 5; and
(v) Year V or Stage 6.

JAMES HARDIE PRIZE

An annual amount of $50 is awarded each year to the final year student coming top in his course.

SYSTEM OF MARKING

Examination results shall be in accordance with the following table:

<table>
<thead>
<tr>
<th>Description</th>

DRAWING OFFICE EQUIPMENT

Each student must furnish himself with essential equipment prior to commencing the course. Minimum requirements are:

- A double elephant drawing board for home use with tee square to match.
- 12" adjustable set square.
- Set of drawing instruments including spring bows and 6" compasses adaptable for pencil, pen and divider attachment.
- 12" architectural (not engine divided) composition scale with 1", 1", 1" and 1".
- Ruling and freehand pens, pencils varying from hard (H) to soft (B).
- Water and poster colours.
- Coloured pencils.
- One 6' steel tape, combined for inches and metric.
- Steel erasing shield.
- Dusting brush.
REQUIREMENTS FOR THE DEGREE OF
BACHELOR OF ARCHITECTURE

1. A candidate for the degree of Bachelor of Architecture shall complete the course under one of the two basic timetable arrangements:
   (1) Full-time Degree Course: Five years of 30 weeks each full time study.
   (2) Part-time Degree Course: 1st year of 30 weeks full-time study followed by 5 annual 30 weeks stages of part-time study.

   First year students shall normally enrol in the full-time course. However, on completion of Year I and if eligible to progress to Year II, a student may apply to the Dean of the Faculty to transfer to the part-time course. Approval will be granted only if the student can satisfy the Dean that he is in approved employment.

   On application to the Dean a student may be permitted to transfer from full-time to part-time or vice-versa later in the course subject to compliance with the normal rules governing Progression and Complementary Employment.

2. COMPLEMENTARY EMPLOYMENT

   Prior to graduation all students are required to gain practical experience by approved employment.

   Approved employment means employment in the office of a registered architect, in the architectural Section of a Government Department or industrial organisation.

   Employment in a technical capacity in the allied fields of town-planning, quantity surveying, civil engineering and building may also be approved but must not exceed 25% of the total required time of practical experience.

   Full-time students must complete 12 months in approved employment prior to being admitted to the degree. Part-time students are required to be in approved employment for the full duration of their part-time enrolment.

   Students must keep a well-conducted record of their practical experience. It is recommended that the "Practical Experience Log Book" of the Royal Institute of Architects be used for this purpose. Copies of these are available on application to the Sub-Dean.

   Full-time students must submit evidence of 12 months practical experience with enrolment in second term of 5th year.

   Part-time students must submit evidence of approved employment with enrolment at the beginning of the academic year. Evidence of current employment may be requested by the Dean at any stage of part-time study.

3. PROGRESSION

   1. Progression shall be from year to year or stage to stage. A student shall be required to pass all subjects of any year or stage before proceeding to the next year or stage. Except that with the permission of the Dean, one subject only may be carried with the subjects of the next following year or stage.

   Where a student has failed in two or more subjects he shall be required to repeat the year or stage, but standing may be granted in subjects in which he has attained credit level or better except that no standing will normally be granted in Design subjects.

   2. No two design subjects may be taken concurrently.

   3. A part-time student who fails to comply with the requirements for Complementary Employment shall satisfy the Dean of the Faculty that these requirements will be met before progression to the next stage of his course.

   4. A student may be enrolled concurrently in the subjects of no more than two consecutive years except in the case of students admitted to the course with advanced standing, for whom special programmes which do not accord with this rule may have to be arranged.

   5. All students shall be subject to the general rules of the University governing re-enrolment.

4. HONOURS

   A candidate for the degree may be awarded Honours at Graduation, based on his performance throughout the course. There shall be two classes of Honours, namely, Class I and Class II.

   Honours are awarded by a point system based on a scale related to group subjects.

   To be considered for Honours Class I a candidate should normally have scored 66 points or more and have no record of failure or passes conceded. Twelve or more points should be acquired in each of the last two years or stages of the course, including at least Credit gradings in Design IV and V.

   To be considered for Honours Class II a candidate should normally have scored 45 to 65 points and have no continuing record of failure or of passes conceded. Eight or more points should be acquired in each of the last two years or stages of the course, including at least a Credit grading in Design V.

   The schedule of subject grouping for the awarding and grading of honours is as follows:
### GROUP POINT SCALE

### DESCRIPTION OF SUBJECTS

#### (A) DESIGN

This subject embodies and applies all the subject matter of the other lectures and studies in the course. Design includes planning, construction, specialised building techniques, engineering services and equipment, specification, estimating, and building job supervision and control.

The Design course consists of a series of lectures and studio assignments. The problems are planned to develop a knowledge of the fundamental aesthetic and technical aspects of building, and to stimulate imaginative thinking in the process.

In all projects, structure and construction are considered an essential part of design. Special or unusual features are required to be substantiated by drawn details of construction. Towards the end of the course, structural calculation and details of construction are produced for a large building.

The lectures will introduce students to the theoretical and factual bases of the design assignments.

Studio work consists of the design and architectural representation of projects which are realistically programmed, located on actual sites and integrated with their environment. Economics are taken into account and estimates are required with the designs. Students must comply with all regional government acts and by-laws applicable to their work.

An incidental purpose of studio work is the academic study of civic building problems in the Newcastle region. For the senior years this is an important factor in the selection of studio subjects which, by display and public discussion, can make a contribution to the architectural development of the area.

Studio projects are sometimes made the subject of a competition within the class, with a prize being awarded to the winning design.

Projects are assessed by a panel of staff members who, as the occasion warrants it, may co-opt outside experts, and criticisms and discussion in class follow.

#### DESIGN I

A lecture course to develop an appreciation of the fundamental principles of design.

In the studio students are given a small domestic project as a vehicle for coming to grips with basic architectural elements and techniques of presentation. This is closely related to concurrent instruction in Building Science, Trade and Construction.

#### BOOKS

R. G. Scott, *Design Fundamentals*.
Ramsay and Sleeper, *Architectural Graphic Standards*.
*Architectural and Building Drawing Practice* (A.S. No. CA25).
DESIGN II

Studio assignments are still of a residential nature, but increased in scope. They may consist of a regional housing scheme, sponsored by a municipality or industrial concern on suburban land, walk-up flats or other types of medium density group housing. Site planning is governed by townplanning and regional aspects. In the course of the year, other components of the scheme may be developed, for instance a kindergarten, chapel, doctor's residence, a neighbourhood shopping centre and the like.

BOOKS
Teague, Design this Day.
David Pye, The Nature of Design.
R. Banham, Design Theory in the First Machine Age.

DESIGN III

Assignments consist of institutional projects such as schools, old people's homes, colleges, and medium size civic projects like churches, town halls, libraries and the like.

BOOKS
C. Siegal, Structure and Form in Modern Architecture.
L. Moholy-Nagy, Vision in Motion.
B. Zevi, Towards an Organic Architecture.
E. Neufert, Architects' Data.

DESIGN IV

The years work is devoted to the design of the urban development and town planning projects related to the Newcastle Region. Architectural projects include commercial, industrial, institutional and civic buildings.

BOOKS
References vary according to the assignments undertaken in the studio.

DESIGN V

Assignments are given in advanced planning, involving urban and environmental problems and the investigation of industrial, commercial, institutional, civic and other large building projects. Associated questions of economics, structure, mechanical equipment and services form part of the investigation.

Hospitals, theatres, art galleries, buildings for rail, road or air transport, education, sports, industry, commerce and similar are suitable projects for studio work at this level.

BOOKS
References vary according to the assignments undertaken in the studio.

(B) BUILDING CONSTRUCTION

The course consists of lectures and studio assignments and is intended to give the student a basic working knowledge of the materials and methods of construction of buildings of all kinds.

CONSTRUCTION I

Studio: Details of construction illustrating selected work treated in lectures. Methods of transmitting requirements by detail drawings and specification clauses.

BOOKS
Local Government Ordinance No. 71.
Sydney Corporation Act By-laws 51-58 inclusive.
G. F. Mackey, Gregory's Modern Building Practice in Australia.
E. De Mare, New Ways of Building.

CONSTRUCTION II

Lectures: Requirements of buildings of two-storey load-bearing construction, domestic and industrial, in masonry and structural timber. Basement construction; elementary construction in structural steel and concrete.

Studio: Drawn details and contract drawings of work treated in lectures. Design of elements of construction with specifications. Details of selected work designed in Structures II.

BOOKS
G. M. Parker, Materials and Methods of Architectural Construction.

CONSTRUCTION III

Studio: Assignments involving the investigation, design and detail of constructions treated in lectures. Details of selected work designed in Structures III.

BOOKS
(C) STRUCTURES

Structures I, II, III and IV are given to Architectural students by the Department of Civil Engineering.

CE104 STRUCTURES I

A course in statics applied to structures. Equilibrium of two-dimensional force systems, funicular polygon; shear force, axial force, bending moment; pin-jointed frames; analytical and graphical treatment; three-dimensional systems.

BOOKS

CE205 STRUCTURES II

Uniaxial loading, states of stress and strain; stress and strain relationships; internal forces, internal stresses, deflexion of beams, torsion and buckling.

BOOK

CE306 STRUCTURES III

Principles of structural design, loadings, use of codes; steel design, riveted, bolted and welded joints, columns (Perry-Robertson formula), beams, plated beams, plate web girders, roof trusses; reinforced concrete design, simple beams, doubly reinforced beams, tee-beams, one-way slabs, axially loaded columns, eccentrically loaded columns by charts, column footings.

BOOKS

Code for Concrete in Buildings—A.S.C.A. 2-1963 (Standards Assoc. of Aust.)

Steel Structures Code—A.S.C.A.I.-1968 (Standards Assoc. of Aust.)

Hot-Rolled Carbon Steel Sections and Plates—B.H.P.-AIS (B.H.P. Co. Ltd.)

Ferguson, P. M., *Reinforced Concrete Fundamentals*—Wiley

Bresler, B., Lin, T. Y. & Scalzi, J. B., *Design of Steel Structures*—Wiley

CE407 STRUCTURES IV

Types of multistorey frames and methods of bracing; introduction to analysis of indeterminate frames using moment distribution and frame tables. Approximations used for preliminary design; Introduction to plastic analysis of frames; soil mechanics problems in foundations—retaining walls; description of behaviour of two-way and flat slabs including ribbed slabs; introduction to prestressed concrete, prestress losses; ultimate load behaviour of reinforced and prestressed beams; design by load balancing; elementary theory of shells and folded plates.

BOOKS

Lin, T. Y., *Design of Prestressed Concrete Structures*—Wiley

Teng, W. C., *Foundation Design*—Prentice Hall

(D) BUILDING SCIENCE

This subject deals with the application of the methods and findings of science as applied to the problems of the building industry in two principal fields:

1. Materials. The properties, uses, testing and selection of materials.
2. Environmental Physics. The analysis of human requirements and methods for their satisfaction in such fields as heating, ventilation, lighting and acoustics.

At the commencement emphasis is placed on broad general principles, whilst at later stages certain aspects are studied in more detail.

BUILDING SCIENCE I (Property of Materials)

Introduction to the science of building, scientific method and measurement.

The application of chemical and physical laws in the study of building materials and the natural environment.

The functional requirements of buildings and the principles through which these may be satisfied.

The nature, properties, manufacture, and uses of the primary building materials, including their testing and compliance with statutory standards and recommendations.

BOOKS

*Principles of Modern Building*. Vol. I HMSO

*B.R.S. Digest* (selected) HMSO

*Notes on the Science of Building* (selected) C.E.B.S.

A. C. Gleeson, *Building Science*.

C. C. Handisyde, *Building Materials*.

BUILDING SCIENCE IIA (Climate Control)

The thermal environment and the physiological factors of human comfort.

Climatology, fundamentals of electromagnetic radiation and heat transfer, thermal properties of materials and buildings, principles of insulation.

Hygrometry and condensation.

Geometry of shade, control of sunlight penetration and solar radiation.

Basic theory of heating, cooling and ventilation.

Further study of secondary building materials.

BOOKS

R. O. Phillips, Sunshine and Shade in Australia.
N. S. Billington, Thermal Properties of Buildings.
T. Bedford, Basic Principles of Ventilation and Heating.
C. G. Mueller, Sensory Psychology.

CE220 BUILDING SCIENCE IIB

A course of lectures and laboratory work given by the Department of Civil Engineering. The subject matter covers general materials technology; load-deformation characteristics of structural materials; concrete technology.

BOOKS

Troxell, G. E. & Davis, H. E., Composition and Properties of Concrete—McGraw-Hill

BUILDING SCIENCE III (Lighting and Acoustics)

Lighting: Basic concepts, elementary photometry; consideration of light sources and controls; colour; physiological, psychological and aesthetic aspects; vision.

The calculation and design of artificial illumination installations and the uses of daylighting standards and assessments.

Acoustics: Basic concepts and measurement, hearing. Noise control, transmission of airborne and structure borne sound, absorption and acoustic materials, calculation of transmission loss and control of sound. Geometric acoustics, reverberation, echoes, the design of auditoria and other building types.

BOOKS

A. Lawrence, Acoustics in Building.
W. R. Stevens, Principles of Lighting.
L. L. Beranek, Noise Reduction.
V. O. Knudsen and C. N. Harris, Acoustical Design in Architecture.
P. H. Parkin and H. R. Humphreys, Acoustics, Noise in Building.
Parkin, Purkins and Schales, Feld Measurement of Sound Between Dwellings (H.M.S.O.)
BSS 661: 1955, Glossary and Acoustical Terms.
CP3 111: Sound Insulation and Noise Reductions.
S.A.A. CA30, Code for the Artificial Lighting of Buildings.

(E) HISTORY OF ARCHITECTURE

This is one of the basic subjects leading to Architectural Design. Students of architecture should obtain some knowledge of past systems of building, the use of materials, and the principles of design for purpose and beauty. The subject is treated in a general manner, but certain buildings and other works of construction are examined analytically, the approach being critical rather than archaeological. Research assignments and/or examinations are required in each term of each year.

HISTORY OF ARCHITECTURE I, II AND III

This course covers the History of Architecture from antiquity past the middle ages to modern. It includes geographical, geological, climatic, religious, social and historical influences on architecture and extends into the allied fields of painting and sculpture within each period. The study of the industrial revolution of the nineteenth century and the emergence of new materials and engineering techniques leads to an assessment of modern architecture, demonstrated with significant contemporary buildings and biographical information of their architects.

BOOKS

B. Fletcher, A History of Architecture.
L. Mumford, The City in History.
S. Giedion, Space, Time and Architecture.
J. Richards, An Introduction to Modern Architecture.
N. Pevsner, Pioneers of Modern Design.
S. Piggott, (Ed.), The Dawn of Civilization.
H. G. Wells, Outline of History.
AUSTRALIAN ARCHITECTURE

The History of Architecture in Australia, within the framework of the general history course.

Working in a group the student is called upon to do field investigations and prepare measured drawings of buildings of historical significance in the Hunter Valley.

BOOKS
M. E. Herman, Early Australian Architects and their Work.
M. E. Herman, The Blackets.
M. E. Herman, Victorian Sydney.
Casey, Maie, Early Melbourne Architecture.

(F) DRAWING I AND II — ARCHITECTURAL

The subject encompasses all types of drawing used in the practice of architecture including lettering. Practical work in various media is given to develop observation and skill in depiction. The student is introduced to the physical, sensory and perceptual aspects of colour.

(G) DRAWING I AND II — FREEHAND

Supervised assignments are given in outdoor sketching, freehand perspective drawing and in quick sketching. The student’s ability is developed in the use of pencil, pen, water colour and poster colour techniques. Objects of outdoor sketching include historical buildings in the Newcastle region in conjunction with the subject “Australian Architecture” offered in 4th Year.

(H) DRAWING I — DESCRIPTIVE GEOMETRY

Line drawing, plane geometry, solid geometry and shadow projection. Exercises are carried out in orthographic, isometric, axonometric and oblique projection.

BOOK
L. A. Lee and R. F. Reekie, Descriptive Geometry for Architects and Builders.

(I) DRAWING I — PERSPECTIVE

Theory of parallel and two point perspective, penetration of solid figures, shadow projection etc. Practical assignments are integrated with the design course.

(J) DRAWING (LIFE CLASS)

As further development of freehand techniques by figurative drawing from life, Life Classes are offered by arrangement with the Newcastle Technical College at its Hunter Street branch.

(K) BUILDING SERVICES A

(Plumbing and Drainage)

Principles and practice as controlled by regulation for domestic and commercial building services including drainage, sanitary plumbing, water supply and reticulation, fire services, gas services, hot water service heaters and tanks, efficiency of units and relative costs are considered.

BOOK
H. Y. Randerson, Australian Sanitary Engineering Practice.

(K) BUILDING SERVICES B

(Mechanical and Electrical Installations)

Design principles and practical requirements of the following services and their application to buildings are studied to provide the architect with sufficient information for selection and inclusion in building projects. Heating, ventilation, air-conditioning, electrical services, call systems, fire protection, lifts, steam.

BOOKS
R. Whitely, A Guide to Building Services for Australian Architects.

(L) TOWN PLANNING A

The course provides an outline of the aims of town and country planning and its relationship to the techniques of architecture, civil engineering, geography, sociology, land economics and land surveying. The course touches on the history, theory and practice of town and country planning and includes considerations of traffic and transportation, elements of civic design, the planning of residential areas and principles of regional planning. Of equal importance is the study of the environment and management of resources.

By arrangement with the Dean, students from other Faculties are welcome to attend this lecture.

BOOKS
Brown and Sherrard, Town and Country Planning.
L. Mumford, The City in History.
D. Winston, Sydney’s Great Experiment.
Chapin, Urban Land Use Planning.
Buchanan Report, Traffic in Towns.
J. Miller, The Nature of Politics.
Margaret Mead, Cultural Patterns and Technical Change.
F. R. Hiorns, Town Building in History.
L. B. Keebie, Principles and Practice of Town and Country Planning.
(L) TOWN PLANNING B

An extension of the subject matter of Town Planning A, emphasising the architectural aspects of town planning with particular reference to requirements in community planning, Government housing, residential and estate development.

By arrangement with the Dean, students from other Faculties are welcome to attend this lecture.

BOOKS
Text as for Town planning A.

(M) BUILDING TRADES

The general purpose of this subject is to familiarise the student with the materials, tools and terms used by the building craftsmen and the interworking of building trades.

Specialist trade teachers give short lectures and demonstrations in the technique of bricklaying, carpentry and joinery, plastering, plumbing, drainage and painting. Each student is required to do some practical work.

(N) ARCHITECTURAL RESEARCH

Architectural Research is concerned with the study and critical assessment of contemporary buildings of architectural merit. Significant examples are demonstrated from current magazines.

This subject is conducted as a seminar, where each student is required to conduct an investigation into an aspect of modern architecture, to present an illustrated address to his fellow students and to take part in discussion.

By arrangement with the Dean, students from other Faculties are welcome to attend this lecture.

(O) FINE ARTS

A broad survey of painting and sculpture of all ages, covering the cultural and historical backgrounds of various styles, the lives of artists and visual demonstration of works.

By arrangement with the Dean, students from other Faculties are welcome to attend this lecture.

BOOKS
Joachim Fernau, *Encyclopaedia of Old Masters.*
Michael Levey, *A Concise History of Painting from Giotto to Cezanne.*

(P) SPECIFICATIONS

Subject matter covered by lectures includes:

Specifications, their purpose, legal significance and relationship to building contract. Types of specifications and their uses. Methods of preparation; sources of information; schedules; abstracts; and general conditions. The basic principles of quantities and specified bills of quantities.

BOOKS

(Q) ESTIMATING

Methods used for estimating; standard mode of measurement; project, establishment and other on-costs charges; awards, insurance, taxes, etc. Scale of fees and charges by local and other authorities.

Measuring and methods of adjusting variations; grouping of unit item to obtain a bulked cost rate for different structural parts of buildings; comparison of costs for alternative methods of construction related to structural parts of buildings; preparation of preliminary estimates from sketch plans; tenders.

(R) PROFESSIONAL PRACTICE A

Subjects dealt with include:

An Architect's work, principles of preparing plans, specifications and estimates, surveys of buildings and sites, code of professional conduct, architectural competitions, conditions of engagement and scale of minimum charges, agreements between client and architect, professional indemnity insurance, Lump sum contracts and conditions, forms of certificates and notice of practical completion, arbitration, building regulations, quantity surveying, tendering, supervision, office administration, consultants, correspondence, etc.

BOOKS
Year Book, *R.A.I.A.*
E. J. Rimmer, *The Law relating to Architects.*

(R) PROFESSIONAL PRACTICE B

During the first two terms this is presented by a legally qualified lecturer. The subject matter includes

2. General Law of Contract. The formation of contracts; form and consideration, contracts under seal and contracts required to be in writing. Capacity of parties to enter into a binding contract. Reality of consent,

4. R.A.I.A. Contracts. A study of the various clauses contained in the contract with particular reference to:

In Third Term the subject is conducted by a lecturer qualified in Accountancy. The contents include general principles of accountancy, bookkeeping, financial management of building projects, analysis of property investment, valuations, etc.

(S) OTHER SUBJECTS

PHYSICS IC

A subject designed for students in the Faculty of Architecture. The lectures will comprise two-thirds of the Physics IB course. Some laboratory periods will also be required, making a total of about 90 hours for the subject, which will not count as a Science unit.

The subject will be examined by one 3-hour paper on September 9.

CE340 SURVEYING

A course of lectures and field work given in the Department of Civil Engineering.

MATHEMATICS IS (Available only in the Faculty of Architecture)

A subject of two lecture hours and one tutorial hour per week for three terms comprising Topic CA and Topic NM from Mathematics I.

TOPIC CA — CALCULUS — M. J. Hayes

Text:
Calculus Vol. I 2nd Ed.—T. Apostol (Ginn Blaisdell, 1967)

TOPIC NM — NUMERICAL MATHEMATICS—J. A. Lambert

Introduction to computers, algorithms, flowcharts and Fortran coding. Elementary data analysis: calculations of sample moments and order statistics and programming of these operations. Introduction to statistical analysis with computer illustrations. The writing of successful computer programs is a required part of this topic.

Text:
No prescribed text.

References:
1900 Series Fortran (Technical Publication 4088)
International Computers Ltd.
Statistical Computations on a Digital Computer W. J. Hemmerle (Blaisdell, 1967)
REQUIREMENTS FOR THE DEGREE OF
MASTER OF ARCHITECTURE

1. An application to register as a candidate for the degree of Master of Architecture shall be made on the prescribed form which shall be lodged with the Secretary at least one full calendar month before the commencement of the term in which the candidate desires to register.

2. An application for registration for the degree of Master shall have been admitted to a Bachelor's degree in Architecture in an approved University, provided that,

(i) In exceptional cases, persons may be permitted to register as candidates for the degree of Master if they submit evidence of such general and professional attainments as may be approved by the Senate.

(ii) The registration of diplomates of the New South Wales Department of Technical Education as candidates for the degree of Master of Architecture shall be determined in each case by Senate. Normally such applicants shall be required to produce evidence of academic and professional progress over a period of five years from the time of gaining the diploma.

3. The applicants approved by the Senate shall register in one of the following categories:

(i) Student in full-time attendance at the University.

(ii) Student in part-time attendance at the University.

(iii) Student working externally to the University.

4. An approved applicant shall be required to pay the undermentioned fee:

Supervision fee of:

(a) $138.00 per annum for students in full-time attendance at the University.

(b) $93.00 per annum for students in part-time attendance at the University.

Fees shall be paid in advance.

5. Every candidate for the degree shall be required to carry out a programme of advanced study, to take such examinations, and to perform such other work as may be prescribed by Senate. The programme shall include the preparation and submission of a thesis embodying the results of all original investigations or design relative to architecture. The candidate may submit also for examination any work he has published whether or not such work is related to the thesis.

6. The investigation or design, and other work as provided in paragraph 5 shall be conducted under the direction of a supervisor appointed by Senate or under such conditions as Senate may determine.

7. Every candidate shall submit three copies of the thesis as provided under paragraph 5*. All copies of the thesis shall be in double-spaced typescript, shall include a summary of approximately 200 words, and a certificate signed by the candidate to the effect that the work has not been submitted for a higher degree to any other University or institution. The ORIGINAL copy of the thesis for deposit in the Library shall be prepared and bound in a form approved by the University. The other two copies of the thesis shall be bound in such a manner as allows their transmission to the examiners without possibility of disarrangement.

It shall be understood that the University retains the three copies of the thesis and is free to allow the thesis to be consulted or borrowed. Subject to the provisions of the Copyright Act (1968) the University may issue the thesis in whole or in part in photostat or microfilm or other copying medium.

8. No candidate shall be considered for the award of the degree until the lapse of six complete terms from the date from which the registration becomes effective, save that in the case of a full-time candidate who has obtained the degree of Bachelor of Architecture with Honours or who has had previous research experience, this period may, with the approval of Senate, be reduced by not more than three terms.

9. For each candidate there shall be two examiners appointed by Senate, one of whom shall, if possible, be an external examiner.

*The thesis and other relevant work may be submitted to the Secretary at any time during the year, within the provisions of paragraph 8 of the Master of Architecture Regulations. In order that a successful candidate may have a reasonable chance of having his degree awarded at a conferring of degrees ceremony, the candidate should arrange for his thesis and other relevant work to be in the hands of the Secretary at least fourteen weeks prior to the date of such ceremony.
REQUIREMENTS FOR THE DEGREE OF DOCTOR OF PHILOSOPHY

1. The degree of Doctor of Philosophy may be awarded by the Council on the recommendation of the Senate to a candidate who has satisfied the following requirements.

2. A candidate for registration for the degree of Doctor of Philosophy shall:—
   (i) have satisfied all of the requirements for admission to the degree of master or the degree of bachelor with first or second class honours in the University of Newcastle or a degree from another University recognised by the Senate as having equivalent standing;
   or
   (ii) have satisfied all of the requirements for admission to the degree of bachelor with third class honours or without honours in the University of Newcastle or a degree from another University recognised by the Senate as having equivalent standing, and have achieved by subsequent work and study a standard recognised by the Senate as equivalent to at least second class honours;
   or
   (iii) in exceptional cases submit such other evidence of general and professional qualifications as may be approved by the Senate.

3. The Senate may require a candidate, before he is permitted to register, to undergo such examination or carry out such work as it may prescribe.

4. A candidate for registration for a course of study leading to the degree of Ph.D. shall:—
   (i) apply on the prescribed form at least one calendar month before the commencement of the term in which he desires to register;
   and
   (ii) submit with his application a certificate from the Head of the Department in which he proposes to study stating that the candidate is a fit person to undertake a course of study or research leading to the Ph.D. degree and that the Department is willing to undertake the responsibility of supervising the work of the candidate.

5. Before being admitted to candidature, an applicant shall satisfy the Senate that he can devote sufficient time to his advanced study and research.

6. Subsequent to registration, the candidate shall pursue a course of advanced study and research for at least nine academic terms, save that any candidate who before registration was engaged upon research to the satisfaction of the Senate, may be exempted from three academic terms.

7. A candidate shall present himself for examination not later than fifteen academic terms from the date of his registration, unless special permission for an extension of time be granted by the Senate.

8. The course, other than field work, must be carried out in a Department of the University, under the direction of a supervisor appointed by the Senate, or under such conditions as the Senate may determine, save that a candidate may be granted special permission by the Senate to spend a period of not more than three academic terms in research at another institution approved by the Senate.

9. Not later than three academic terms after registration the candidate shall submit the subject of his thesis for approval by the Senate. After the subject has been approved it may not be changed except with the permission of the Senate.

10. A candidate may be required to attend a formal course of study appropriate to his work.

11. On completing his course of study every candidate shall submit a thesis which complies with the following requirements:—
   (i) The greater proportion of the work described must have been completed subsequent to registration for the Ph.D. degree.
   (ii) It must be a distinct contribution to the knowledge of the subject.
   (iii) It must be written in English or in a language approved by the Senate and reach a satisfactory standard of literary presentation.

12. The thesis shall consist of the candidate's own account of his research. In special cases work done conjointly with other persons may be accepted provided the Senate is satisfied on the candidate's part in the joint research.

13. Every candidate shall be required to submit with his thesis a short abstract of the thesis comprising not more than 300 words.
14. A candidate may not submit as the main content of his thesis any work or material which he has previously submitted for a University degree or other similar award.

15. The candidate shall give in writing three months' notice of his intention to submit his thesis and such notice shall be accompanied by the appropriate fee.

16. Four copies of the thesis shall be submitted together with a certificate from the supervisor that the candidate has completed the course of study prescribed in his case and that the thesis is fit for examination.

17. The thesis shall be in double-spaced typescript. The original copy for deposit in the Library shall be prepared and bound in a form approved by the University. The other three copies shall be bound in such manner as allows their transmission to the examiners without possibility of disarrangement.

18. It shall be understood that the University retains four copies of the thesis and is free to allow the thesis to be consulted or borrowed. Subject to the provisions of the Copyright Act (1968) the University may issue the thesis in whole or in part in photostat or microfilm or other copy medium.

19. The candidate may also submit as separate supporting documents any work he has published, whether or not it bears on the subject of the thesis.

20. The Senate shall appoint three examiners of whom at least two shall not be members of the teaching staff of the University.

21. The examiners may require the candidate to answer, viva voce or in writing, any questions concerning the subject of his thesis or work.

22. The result of the examination shall be in accordance with the decision of a majority of the examiners.

23. A candidate permitted to re-submit his thesis for examination shall do so within a period of twelve months from the date on which he is advised of the result of the first examination.
