Course Title (short): German Lang. 2A Intermediate
Effective Date: Semester 1 - 2005
Units: 10
Course Level: 2000
Managing Campus: Callaghan

Course Description:
This course is designed for students with some knowledge of German and for students with post HSC German (excluding 2UZ) or equivalent. It concentrates on further developing reading, writing, listening and speaking skills (use of interjections, common idiomatic expressions, particles). The course aims to provide a complete basis for further study of the German language at a senior level.

Course Content:
This program follows on from GRMN1502. Areas of language that were not treated in ELEMENTARY GERMAN will be covered, including mood, voice, and tense. Whilst the program covers the four metaskills (speaking, listening, reading and writing), the emphasis is still on communicative competence but will also focus on extending reading and writing skills.
