Course Code  GRMN2502
Course Title  German Language 2B Intermediate

This course is designed for students with some knowledge of German and for students with post HSC German (excluding 2UZ) or equivalent. It concentrates on further developing reading, writing, listening and speaking skills (use of interjections, common idiomatic expressions, particles). The course aims to provide a complete basis for further study of the German language at a senior level.

This program follows on from GRMN2501. Whilst the program covers the four metaskills (speaking, listening, reading and writing), the emphasis is still on communicative competence but will also focus on extending reading and writing skills.
