**Plagiarism**
University policy prohibits students plagiarising any material under any circumstances. A student plagiarises if he or she presents the thoughts or works of another as one's own. Without limiting the generality of this definition, it may include:
- copying or paraphrasing material from any source without due acknowledgment;
- using another's ideas without due acknowledgment;
- working with others without permission and presenting the resulting work as though it was completed independently.

Plagiarism is not only related to written works, but also to material such as data, images, music, formulae, websites and computer programs. Aiding another student to plagiarise is also a violation of the Plagiarism Policy and may invoke a penalty.

For further information on the University policy on plagiarism, please refer to the Policy on Student Academic Integrity at the following link -

The University has established a software plagiarism detection system called Turnitin. When you submit assessment items please be aware that for the purpose of assessing any assessment item the University may:
- Reproduce this assessment item and provide a copy to another member of the University; and/or
- Communicate a copy of this assessment item to a plagiarism checking service (which may then retain a copy of the item on its database for the purpose of future plagiarism checking).
- Submit the assessment item to other forms of plagiarism checking

**Written Assessment Items**
Students may be required to provide written assessment items in electronic form as well as hard copy.

**Extension of Time for Assessment Items, Deferred Assessment and Special Consideration for Assessment Items or Formal Written Examinations**

Any student:
1. who is applying for an extension of time for submission of an assessment item on the basis of medical, compassionate, hardship/trauma or unavoidable commitment; or
2. whose attendance at or performance in an assessment item or formal written examination has been or will be affected by medical, compassionate, hardship/trauma or unavoidable commitment;
   must report the circumstances, with supporting documentation, to the appropriate officer on the prescribed form.

**STUDENTS WITH A DISABILITY OR CHRONIC ILLNESS**
The University is committed to providing a range of support services for students with a disability or chronic illness.

If you have a disability or chronic illness which you feel may impact on your studies, please feel free to discuss your support needs with your lecturer or course coordinator.

As some forms of support can take a few weeks to implement it is extremely important that you discuss your needs with your lecturer, course coordinator or Student Support Service staff at the beginning of each semester.

For more information related to confidentiality and documentation please visit the Student Support Service (Disability) website at: www.newcastle.edu.au/services/disability

**Studentmail and Blackboard: www.blackboard.newcastle.edu.au/**

To receive an expedited response to queries, post questions on the Blackboard discussion forum if there is one, or if emailing staff directly use the course code in the subject line of your email. Students are advised to check their studentmail and the course Blackboard site on a weekly basis.

**Written Assignment Presentation and Submission Details**

Students are required to submit assessment items by the due date. Late assignments will be subject to the penalties described below.

**Hard copy submission:**

- **Type your assignments:** All work must be typewritten in 11 or 12 point black font. Leave a wide margin for marker’s comments, use 1.5 or double spacing, and include page numbers.
- **Word length:** The word limit of all assessment items should be strictly followed – 10% above or below is acceptable, otherwise penalties may apply.
- **Proof read your work** because spelling, grammatical and referencing mistakes will be penalised.
- **Staple the pages** of your assignment together (do not use pins or paper clips).
- **University coversheet:** All assignments must be submitted with the University coversheet: http://www.newcastle.edu.au/school/hss/studentguide/index.html
- **Assignments are to be deposited at any Student Focus. Focus are located at:**
  - Level 3, Shortland Union, Callaghan
  - Level 2, Student Services Centre, Callaghan
  - Ground Floor, University House, City
  - Ground Floor, Administration Building, Ourimbah
  Any changes to this procedure will be announced during the semester.
- **Do not fax or email assignments:** Only hard copies of assignments will be considered for assessment. Inability to physically submit a hard copy of an assignment by the deadline due to other commitments or distance from campus is an unacceptable excuse. Assignments mailed to Schools are accepted from the date posted.
- **Keep a copy of all assignments:** All students must date stamp their own assignments using the machine provided. Mailed assignments to schools are date-stamped upon receipt. However, it is the student’s responsibility to produce a copy of their work if the assignment goes astray after submission. Students are advised to keep updated back-ups in hard copy and on disk.

**Penalties for Late Assignments**

Assignments submitted after the due date, without an approved extension of time will be penalised by the **reduction of 5% of the possible maximum mark** for the assessment item for each day or part day that the item is late. Weekends count as one day in determining the penalty. Assignment items submitted **more than ten days** after the due date will be awarded **zero marks**.

**Special Consideration/Extension of Time Applications**

Students wishing to apply for Special Consideration or Extension of Time should obtain the appropriate form from the Student Focus.

No Assignment Re-submission
Students who have failed an assignment are not permitted to revise and resubmit it in this course. However, students are always welcome to contact their Tutor, Lecturer or Course Coordinator to make a consultation time to receive individual feedback on their assignments.

Remarks
Students can request to have their work re-marked by the Course Coordinator or Discipline Convenor (or their delegate); three outcomes are possible: the same grade, a lower grade, or a higher grade being awarded. Students may also appeal against their final result for a course. Please consult the University policy at:

Return of Assignments
Students can collect assignments from a nominated Student Focus during office hours. Students will be informed during class which Focus to go to and the earliest date assignments will be available for collection. Students must present their student identification card to collect their assignment.

Preferred Referencing Style
In this course, it is recommended that you use the Harvard in-text referencing system (similar to the APA system) for referencing sources of information used in assignments. Inadequate or incorrect reference to the work of others may be viewed as plagiarism and result in reduced marks or failure.

An in-text citation names the author of the source, gives the date of publication, and for a direct quote includes a page number, in parentheses. At the end of the paper, a list of references provides publication information about the source; the list is alphabetised by authors’ last names (or by titles for works without authors). Further information on referencing and general study skills can be obtained from:

Student Representatives
We are very interested in your feedback and suggestions for improvement. Student Representatives are the channel of communication between students and the School Board. Contact details of Student Representatives can be found on the School website.

Student Communication
Students should discuss any course related matters with their Tutor, Lecturer, or Course Coordinator in the first instance and then the relevant Discipline or Program Convenor. If this proves unsatisfactory, they should then contact the Head of School if required. Contact details can be found on the School website.

49% or less  Fail (FF)  An unacceptable effort, including non-completion. The student has not understood the basic principles of the subject matter and/or has been unable to express their understanding in a comprehensible way. Deficient in terms of answering the question, research, referencing and correct presentation (spelling, grammar etc). May include extensive plagiarism.

50% to 64%  Pass (P)  The work demonstrates a reasonable attempt to answer the question, shows some grasp of the basic principles of the subject matter and a basic knowledge of the required readings, is comprehensible, accurate and adequately referenced.

65% to 74%  Credit (C)  The work demonstrates a clear understanding of the question, a capacity to integrate research into the discussion, and a critical appreciation of a range of different theoretical perspectives. A deficiency in any of the above may be compensated by evidence of independent thought. The work is coherent and accurate.

75% to 84%  Distinction (D)  Evidence of substantial additional reading and/or research, and evidence of the ability to generalise from the theoretical content to develop an argument in an informed and original manner. The work is well organised, clearly expressed and shows a capacity for critical analysis.

85% upwards  High Distinction (HD)  All of the above, plus a thorough understanding of the subject matter based on substantial additional reading and/or research. The work shows a high level of independent thought, presents informed and insightful discussion of the topic, particularly the theoretical issues involved, and demonstrates a well-developed capacity for critical analysis.
