Course Overview

Brief Course Description
Introduces students to the study of language: how children acquire language, its communicative function, the structure it has that enables language to work, and what language reveals about the nature of human beings and human behaviour. It introduces basic linguistic concepts, and looks at the different levels of linguistic analysis, language variation (sociolinguistics; language and medium; types of written text), acquisition of spoken and written language, and the analysis of English sentence structure.

Delivery of course materials
Course materials for LING1110 are delivered partly on-line and partly by lectures. Course materials on the Structure of English are delivered on-line. They are available from Blackboard. Tutorials provide an opportunity for classroom discussion of materials and techniques relating to the Structure of English component of the course. Attendance at tutorials is not compulsory but is strongly recommended.

Course materials relating to all topics other than the Structure of English are delivered by lecture. There are two hours of lectures per week throughout Semester 1. Details of the lecture program are given in the Class Schedule.

No copies of course materials delivered by lecture will be provided. It is the responsibility of students to obtain copies of lecture notes from fellow students if lectures are missed.
Contact Hours
Lecture for 2 Hours per Week for 13 Weeks
Tutorial for 1 Hour per Week for 12 Weeks

**Plagiarism**

University policy prohibits students plagiarising any material under any circumstances. A student plagiarises if he or she presents the thoughts or works of another as one’s own. Without limiting the generality of this definition, it may include:

- copying or paraphrasing material from any source without due acknowledgment;
- using another's ideas without due acknowledgment;
- working with others without permission and presenting the resulting work as though it was completed independently.

Plagiarism is not only related to written works, but also to material such as data, images, music, formulae, websites and computer programs.

Aiding another student to plagiarise is also a violation of the Plagiarism Policy and may invoke a penalty.
For further information on the University policy on plagiarism, please refer to the Policy on Student Academic Integrity at the following link -

The University has established a software plagiarism detection system called Turnitin. When you submit assessment items please be aware that for the purpose of assessing any assessment item the University may -

- Reproduce this assessment item and provide a copy to another member of the University; and/or
- Communicate a copy of this assessment item to a plagiarism checking service (which may then retain a copy of the item on its database for the purpose of future plagiarism checking).
- Submit the assessment item to other forms of plagiarism checking

**Written Assessment Items**

Students may be required to provide written assessment items in electronic form as well as hard copy.

**Extension of Time for Assessment Items, Deferred Assessment and Special Consideration for Assessment Items or Formal Written Examinations**

Students are required to submit assessment items by the due date, as advised in the Course Outline, unless the Course Coordinator approves an extension of time for submission of the item. University policy is that an assessment item submitted after the due date, without an approved extension, will be penalised.

Any student:

1. who is applying for an extension of time for submission of an assessment item on the basis of medical, compassionate, hardship/trauma or unavoidable commitment; or
2. whose attendance at or performance in an assessment item or formal written examination has been or will be affected by medical, compassionate, hardship/trauma or unavoidable commitment;

must report the circumstances, with supporting documentation, to the appropriate officer on the prescribed form.

Please go to the Policy and the on-line form for further information, particularly for information on the options available to you, at:

**Changing your Enrolment**

The last dates to withdraw without financial or academic penalty (called the HECS Census Dates) are:

For semester 2 courses: 31 August 2006

Students may withdraw from a course without academic penalty on or before the last day of semester and prior to the commencement of the formal exam period. Any withdrawal from a course after the last day of semester will result in a fail grade.

Students cannot enrol in a new course after the second week of semester/trimester, except under exceptional circumstances. Any application to add a course after the second week of semester/trimester must be on the appropriate form, and should be discussed with the School Office.

To change your enrolment online, please refer to

STUDENTS WITH A DISABILITY OR CHRONIC ILLNESS
The University is committed to providing a range of support services for students with a disability or chronic illness.
If you have a disability or chronic illness which you feel may impact on your studies, please feel free to discuss your support needs with your lecturer or course coordinator.
Disability Support may also be provided by the Student Support Service (Disability). Students must be registered to receive this type of support. To register please contact the Disability Liaison Officer on 49 21 5766, or via email at: student-disability@newcastle.edu.au
As some forms of support can take a few weeks to implement it is extremely important that you discuss your needs with your lecturer, course coordinator or Student Support Service staff at the beginning of each semester.
For more information related to confidentiality and documentation please visit the Student Support Service (Disability) website at:
www.newcastle.edu.au/services/disability

Essential Criteria in Assessment
This course contains compulsory components or assessment items that must be satisfactorily completed in order for a student to receive a pass mark or better for the course. These essential elements are described in the CTS.

Online Tutorial Registration:
Students are required to enrol in a specific Tutorial time for this course via the Online Registration system:
Registrations close at the end of week 2 of semester.

Studentmail and Blackboard: www.blackboard.newcastle.edu.au/
This course uses Blackboard and studentmail to contact students, so you are advised to keep your email accounts within the quota to ensure you receive essential messages. To receive an expedited response to queries, post questions on the Blackboard discussion forum if there is one, or if emailing staff directly use the course code in the subject line of your email. Students are advised to check their studentmail and the course Blackboard site on a weekly basis.

Written Assignment Presentation and Submission Details

Take-home assignments will involve multiple-choice questions, to be answered on a computer sheet (General Purpose Answer Sheet GPAS-200R). Computer sheets may be purchased at the newsagency in the Shortland Union. Ensure that your name and student number are accurately recorded on this sheet. Use a 2B pencil to record your answers, and DO NOT use “white-out” to make corrections. You risk losing marks if the computer scanner cannot read your answer sheet correctly.

Assignments are to be deposited in the relevant discipline assignment box:
- Callaghan students: School of Humanities and Social Science Office, Level 1, McMullin Building, MC127

Do not fax or email assignments: Only hard copies of assignments will be considered for assessment. Inability to physically submit a hard copy of an assignment by the deadline due to other commitments or distance from campus is an unacceptable excuse. Assignments mailed to Schools are accepted from the date posted.

Keep a copy of all assignments: All assignments are date-stamped upon receipt. However, it is the student’s responsibility to produce a copy of their work if the assignment goes astray after submission. Students are advised to keep updated back-ups in hard copy and on disk.

Penalties for Late Assignments
Assignments submitted after the due date, without an approved extension of time will be penalised by the reduction of 5% of the possible maximum mark for the assessment item for each day or part day that the item is late. Weekends count as one day in determining the penalty. Assessment items submitted more than ten days after the due date will be awarded zero marks.

Special Consideration/Extension of Time Applications
Students wishing to apply for Special Consideration or Extension of Time should obtain the appropriate form from the Student HUBS.

No Assignment Re-submission
Students who have failed an assignment are not permitted to revise and resubmit it in this course. However, students are always welcome to contact their Tutor, Lecturer or Course Coordinator to make a consultation time to receive individual feedback on their assignments.

Remarks
Students can request to have their work re-marked by the Course Coordinator or Discipline Convenor (or their delegate); three outcomes are possible: the same grade, a lower grade, or a higher grade being awarded. Students may also appeal against their final result for a course. Please consult the University policy at:
**Return of Assignments**
Where possible, assignments will be marked within 3 weeks and returned to students in class. At the end of semester, students can collect assignments from the Student HUBS during office hours.

**Student Representatives**
We are very interested in your feedback and suggestions for improvement. Student Representatives are the channel of communication between students and the School Board. Contact details of Student Representatives can be found on the School website.

**Student Communication**
Students should discuss any course related matters with their Tutor, Lecturer, or Course Coordinator in the first instance and then the relevant Discipline or Program Convenor. If this proves unsatisfactory, they should then contact the Head of School if required. Contact details can be found on the School website.
