Plagiarism
University policy prohibits students plagiarising any material under any circumstances. A student plagiarises if he or she presents the thoughts or works of another as one’s own. Without limiting the generality of this definition, it may include:
  - copying or paraphrasing material from any source without due acknowledgment;
  - using another’s ideas without due acknowledgment;
working with others without permission and presenting the resulting work as though it was completed independently.

Plagiarism is not only related to written works, but also to material such as data, images, music, formulae, websites and computer programs.

Aiding another student to plagiarise is also a violation of the Plagiarism Policy and may invoke a penalty.

For further information on the University policy on plagiarism, please refer to the Policy on Student Academic Integrity at the following link -

The University has established a software plagiarism detection system called Turnitin. When you submit assessment items please be aware that for the purpose of assessing any assessment item the University may -

- Reproduce this assessment item and provide a copy to another member of the University; and/or
- Communicate a copy of this assessment item to a plagiarism checking service (which may then retain a copy of the item on its database for the purpose of future plagiarism checking).
- Submit the assessment item to other forms of plagiarism checking

Written Assessment Items
Students may be required to provide written assessment items in electronic form as well as hard copy.

Marks and Grades Released During Term
All marks and grades released during the term, are indicative only until formally approved by the Head of School on the recommendation of the School Assessment body.

Extension of Time for Assessment Items, Deferred Assessment and Special Consideration for Assessment Items or Formal Written Examinations
Students are required to submit assessment items by the due date, as advised in the Course Outline, unless the Course Coordinator approves an extension of time for submission of the item. University policy is that an assessment item submitted after the due date, without an approved extension, will be penalised.

Any student:
1. who is applying for an extension of time for submission of an assessment item on the basis of medical, compassionate, hardship/trauma or unavoidable commitment; or
2. whose attendance at or performance in an assessment item or formal written examination has been or will be affected by medical, compassionate, hardship/trauma or unavoidable commitment;

must report the circumstances, with supporting documentation, to the appropriate officer following the instructions provided in the Special Circumstances Affecting Assessment Procedure - Policy 000641.

Note: different procedures apply for minor and major assessment tasks.

Please go to the Policy at http://www.newcastle.edu.au/policylibrary/000641.html for further information, particularly for information on the options available to you.

Students should be aware of the following important deadlines:

- **Requests for Special Consideration** must be lodged no later than 3 working days after the due date of submission or examination.
- **Requests for Extensions of Time on Assessment Items** must be lodged no later than the due date of the item.
- **Requests for Rescheduling Exams** must be received no later than ten working days prior the first date of the examination period.
Your application may not be accepted if it is received after the deadline. In the first instance, students who are unable to meet the above deadlines due to extenuating circumstances should speak to their Program Officer or their Program Executive if studying in Singapore.

Studentmail and Blackboard: Refer - www.blackboard.newcastle.edu.au/

This course uses Blackboard and studentmail to contact students, so you are advised to keep your email accounts within the quota to ensure you receive essential messages. To receive an expedited response to queries, post questions on the Blackboard discussion forum if there is one, or if emailing staff directly use the course code in the subject line of your email. Students are advised to check their studentmail and the course Blackboard site on a weekly basis.

Written Assignment Presentation and Submission Details

Please revise the following text as appropriate for your Discipline. Where possible, Disciplines are advised to adopt a uniform approach.

Students are required to submit assessment items by the due date. Late assignments will be subject to the penalties described below.

Hard copy submission:

- **Type your assignments**: All work must be typewritten in 11 or 12 point black font. Leave a wide margin for marker's comments, use 1.5 or double spacing, and include page numbers.
- **Word length**: The word limit of all assessment items should be strictly followed – 10% above or below is acceptable, otherwise penalties may apply.
- **Proof read your work** because spelling, grammatical and referencing mistakes will be penalised.
- **Staple the pages** of your assignment together (do not use pins or paper clips).
- **University Assessment Item Coversheet**: All assignments must be submitted with the University coversheet available at: http://www.newcastle.edu.au/study/forms/
- **By arrangement with the relevant lecturer, assignments may be submitted at any Student Hub located at:**
  - Level 3, Shortland Union, Callaghan
  - Level 2, Student Services Centre, Callaghan
  - Ground Floor, University House, City
  - Opposite Café Central, Ourimbah
- **Date-stamping assignments**: All students must date-stamp their own assignments using the machine provided at each Student Hub. If mailing an assignment, this should be address to the relevant School. Mailed assignments are accepted from the date posted, confirmed by a Post Office date-stamp; they are also date-stamped upon receipt by Schools.

NB: Not all of these services may apply to the Port Macquarie Campus.

- **Do not fax or email assignments**: Only hard copies of assignments will be considered for assessment. Inability to physically submit a hard copy of an assignment by the deadline due to other commitments or distance from campus is an unacceptable excuse.
- **Keep a copy of all assignments**: It is the student’s responsibility to produce a copy of their work if the assignment goes astray after submission. Students are advised to keep updated back-ups in electronic and hard copy formats.

Online copy submission to Turnitin
In addition to hard copy submission, students are required to submit an electronic version of the following assignments to Turnitin via the course Blackboard website available @ www.blackboard.newcastle.edu.au/

- List assignments here – usually 500 words and above
- It is acknowledged some assignments are not able to be processed by Turnitin

Prior to final submission, all students have the opportunity to submit one draft of their assignment to Turnitin to self-check their referencing. Assignments will not be marked until both hard copy and online versions have been submitted. Marks may be deducted for late submission of either version.

Note: As Turnitin is now part of Blackboard, the Faculty recommends that Schools consider use of Turnitin where appropriate.

Academic Integrity

Integrity, honesty, and a respect for knowledge and truth are the bases of all academic endeavours in teaching, learning, and research. To preserve the quality of learning, both for the individual and for others enrolled, the University imposes severe sanctions on activities that undermine academic integrity.

There are two major categories of academic dishonesty:

(a) Academic Fraud, in which a false representation is made to gain an unjust advantage by, for example,

- the falsification of data
- reusing one’s own work that has been submitted previously and counted towards another course (without permission)
- misconduct in Examinations

(b) Plagiarism, which is the presentation of the thoughts or works of another as one's own. Plagiarism includes

- copying, paraphrasing, or using someone else’s ideas without appropriate acknowledgement
- failure to identify direct quotation through the use of quotation marks
- working with others without permission and presenting the resulting work as though it were completed independently.

Please note that aiding another student to plagiarise (e.g. by lending assignments to other students) is also a violation of the Plagiarism Policy and may invoke a penalty.

For further information on the University policy on plagiarism, please refer to the Policy on Student Academic Integrity at the following link - http://www.newcastle.edu.au/policylibrary/000608.html

Penalties for Late Assignments

Assignments submitted after the due date, without an approved extension of time will be penalised by the reduction of 5% of the possible maximum mark for the assessment item for each day or part day that the item is late. Weekends count as one day in determining the penalty. Assessment items submitted more than ten days after the due date will be awarded zero marks.

Refer - ‘Rules Governing the Administration of Assessment Items - Rule 000113’ available @ http://www.newcastle.edu.au/policylibrary/000113.html (section 18)

Special Circumstances

Students wishing to apply for Special Circumstances or Extension of Time should apply online. Refer - ‘Special Circumstances Affecting Assessment Items - Procedure 000641’ available @ http://www.newcastle.edu.au/policylibrary/000641.html

No Assignment Re-submission

Students who have failed an assignment are not permitted to revise and resubmit it in this course. However, students are always welcome to contact their Tutor, Lecturer or Course Coordinator to make a consultation time to receive individual feedback on their assignments.

Re-marks & Moderations

A student may only request a re-mark of an assessment item before the final result - in the course to which the assessment item contributes - has been posted. If a final result in the course has been posted, the student must apply under ‘Procedures for Appeal Against a Final Result’ (Refer - http://www.newcastle.edu.au/study/forms/).

Students concerned at the mark given for an assessment item should first discuss the matter with the Course Coordinator. If subsequently requesting a re-mark, students should be aware that as a result of a re-mark the original mark may be increased or reduced. The case for a re-mark should be outlined in writing and submitted to the Course Coordinator, who determines whether a re-mark should be granted, taking into consideration all of the following:

1. whether the student had discussed the matter with the Course Coordinator
2. the case put forward by the student for a re-mark
3. the weighting of the assessment item and its potential impact on the student’s final mark or grade
4. the time required to undertake the re-mark
5. the number of original markers, that is,
   a) whether there was a single marker, or
   b) if there was more than one marker whether there was agreement or disagreement on the marks awarded.

A re-mark may also be initiated at the request of the Course Coordinator, the Head of School, the School Assessment Committee, the Faculty Progress and Appeals Committee or the Pro Vice-Chancellor. Re-marks may be undertaken by:

1. the original marker; or
2. an alternate internal marker; or
3. an alternate external marker (usually as a consequence of a grievance procedure).

Moderation may be applied when there is a major discrepancy (or perceived discrepancy) between:

1. the content of the course as against the content or nature of the assessment item(s)
2. the content or nature of the assessment item(s) as against those set out in the Course Outline
3. the marks given by a particular examiner and those given by another in the same course
4. the results in a particular course and the results in other courses undertaken by the same students.

For further detail on this University policy refer - ‘Re-marks and Moderations - Procedure 000769’ available @ http://www.newcastle.edu.au/policylibrary/000769.html

Return of Assignments

Students can collect assignments from a nominated Student Hub during office hours. Students will be informed during class which Hub to go to and the earliest date that assignments will be available for collection. Students must present their student identification card to collect their assignment.
Preferred Referencing Style

Note: Revise/replace with a statement on your preferred style.

In this course, it is recommended that you use the Harvard in-text referencing system (similar to the APA system) for referencing sources of information used in assignments. Inadequate or incorrect reference to the work of others may be viewed as plagiarism and result in reduced marks or failure.

An in-text citation names the author of the source, gives the date of publication, and for a direct quote includes a page number, in parentheses. At the end of the paper, a list of references provides publication information about the source; the list is alphabetised by authors' last names (or by titles for works without authors). For further information on referencing and general study skills refer - ‘Infoskills’ available @ www.newcastle.edu.au/services/library/tutorials/infoskills/index.html

Student Representatives

Student Representatives are a major channel of communication between students and the School. Contact details of Student Representatives can be found on School websites.

Refer - ‘Information for Student Representatives on Committees’ available @ http://www.newcastle.edu.au/service/committees/student_reps/index.html

Student Communication

Students should discuss any course related matters with their Tutor, Lecturer, or Course Coordinator in the first instance and then the relevant Discipline or Program Convenor. If this proves unsatisfactory, they should then contact the Head of School if required. Contact details can be found on the School website.
