IMPORTANT UNIVERSITY INFORMATION

ACADEMIC INTEGRITY

Academic integrity, honesty, and a respect for knowledge, truth and ethical practices are fundamental to the business of the University. These principles are at the core of all academic endeavour in teaching, learning and research. Dishonest practices contravene academic values, compromise the integrity of research and devalue the quality of learning. To preserve the quality of learning for the individual and others, the University may impose severe sanctions on activities that undermine academic integrity. There are two major categories of academic dishonesty:

Academic fraud is a form of academic dishonesty that involves making a false representation to gain an unjust advantage. Without limiting the generality of this definition, it can include:

a) falsification of data;

b) using a substitute person to undertake, in full or part, an examination or other assessment item;

c) reusing one's own work, or part thereof, that has been submitted previously and counted towards another course (without permission);

d) making contact or colluding with another person, contrary to instructions, during an examination or other assessment item;

e) bringing material or device(s) into an examination or other assessment item other than such as may be specified for that assessment item; and

f) making use of computer software or other material and device(s) during an examination or other assessment item other than such as may be specified for that assessment item.

g) contract cheating or having another writer compete for tender to produce an essay or assignment and then submitting the work as one's own.
**Plagiarism** is the presentation of the thoughts or works of another as one's own. University policy prohibits students plagiarising any material under any circumstances. Without limiting the generality of this definition, it may include:

a) copying or paraphrasing material from any source without due acknowledgment;

b) using another person's ideas without due acknowledgment;

c) collusion or working with others without permission, and presenting the resulting work as though it were completed independently.

**Turnitin** is an electronic text matching system. During assessing any assessment item the University may -

- Reproduce this assessment item and provide a copy to another member of the University; and/or
- Communicate a copy of this assessment item to a text matching service (which may then retain a copy of the item on its database for the purpose of future checking).
- Submit the assessment item to other forms of plagiarism checking

**RE-MARKS AND MODERATIONS**

Students can access the University’s policy at: [http://www.newcastle.edu.au/policylibrary/000769.html](http://www.newcastle.edu.au/policylibrary/000769.html)

**MARKS AND GRADES RELEASED DURING TERM**

All marks and grades released during term are indicative only until formally approved by the Head of School.

**SPECIAL CIRCUMSTANCES AFFECTING ASSESSMENT ITEMS**

_Extension of Time for Assessment Items, Deferred Assessment and Special Consideration for Assessment Items or Formal Written Examinations_ items must be submitted by the due date in the Course Outline unless the Course Coordinator approves an extension. Unapproved late submissions will be penalised in line with the University policy specified in **Late Penalty** (under student) at the link above.

Requests for Extensions of Time must be lodged no later than the due date of the item. This applies to students:

- applying for an extension of time for submission of an assessment item on the basis of medical, compassionate, hardship/trauma or unavoidable commitment; or
- whose attendance at or performance in an assessment item or formal written examination has been or will be affected by medical, compassionate, hardship/trauma or unavoidable commitment.

Students must report the circumstances, with supporting documentation, as outlined in the Special Circumstances Affecting Assessment Items Procedure at: [http://www.newcastle.edu.au/policylibrary/000641.html](http://www.newcastle.edu.au/policylibrary/000641.html)

**Students should be aware of the following important deadlines:**

- Special Consideration Requests must be lodged no later than 3 working days after the due date of submission or examination.
- Rescheduling Exam requests must be received no later than 10 working days prior the first date of the examination period.

_Late applications may not be accepted_. Students who cannot meet the above deadlines due to extenuating circumstances should speak firstly to their Program Officer or their Program Executive if studying in Singapore.
