LING3200 - Speech and Language Disorders
Course Outline

Lecturer  Callaghan campus – Alison Ferguson
Contact details (as above)
Lecturer  Port Macquarie campus – Craig Suosaari
Contact details : To be advised
Semester  Semester 2 - 2009
Unit Weighting  10
Teaching Methods  Lecture

Course Overview

Brief Course Description
Aims to provide students with an overview of speech and language disorders, with particular emphasis on linguistic theories, description and methodology which underpin current knowledge and research in the area. The course is designed for students with backgrounds in linguistics, psychology, or education. Specific topic areas include: acquired and developmental language impairment, dyslexia, phonological disorders, voice disorders and stuttering. (Note that as this material is covered in courses within the Bachelor of Speech Pathology, students enrolled in the Bachelor of Speech Pathology are not eligible to enrol in this course.)
Contact Hours
Lecture for 2 Hours per Week for the Full Term

Learning Materials/Texts

Recommended:

Selected readings are available in Shortloans Online, listed under LING3200
See also Shortloans Online listings for the following speech pathology courses on the following topics:
- Child language: SPTH2210
- Child speech: SPTH1120 (introductory material); SPTH2220 (cerebral palsy, cleft lip/palate)
- Adult speech & language (dysarthria, aphasia): SPTH3110
- Voice disorders: SPTH3020
- Fluency disorders (stuttering): SPTH2220

The following relevant journals (amongst others) are available online through the library:
- American Journal of Speech-Language Pathology
- Clinical Linguistics & Phonetics
- International Journal of Speech Language Pathology
- International Journal of Language & Communication Disorders
- Language Speech and Hearing Services in Schools

The following online databases are available through the library and useful when searching for relevant peer reviewed scholarly journal articles:
- Cinahl – useful for allied health and nursing research
- Eric – useful for educational research
- LLBA – useful for linguistic research
- Medline – useful for medical research
- Psyclnfo – useful for psychology research
- ProQuest – useful for general research

Additional specific references will be discussed during lectures.

Course Objectives
Upon successful completion of this course, students will be able to:
1. Access and comprehend current theoretical literature and empirical research in the area of speech and language disorders.
2. Apply their new learning in the area of speech and language disorders to their prior knowledge or concurrent studies (for example, in linguistics, psychology or education).

Course Content
1. Physiology of communication
2. Taxonomies of communication & communication disorders
3. Developmental speech disorder
4. Developmental language delay/disorder
5. Developmental dyslexia
6. Acquired adult speech disorder (dysarthria)
7. Acquired adult cognitive communication disability
8. Acquired adult language disorder (aphasia)
9. Stuttering
10. Voice disorders
11. Social perspectives on communication & communication disorders

### IMPORTANT UNIVERSITY INFORMATION

**ACADEMIC INTEGRITY**

Academic integrity, honesty, and a respect for knowledge, truth and ethical practices are fundamental to the business of the University. These principles are at the core of all academic endeavour in teaching, learning and research. Dishonest practices contravene academic values, compromise the integrity of research and devalue the quality of learning. To preserve the quality of learning for the individual and others, the University may impose severe sanctions on activities that undermine academic integrity. There are two major categories of academic dishonesty:

**Academic fraud** is a form of academic dishonesty that involves making a false representation to gain an unjust advantage. Without limiting the generality of this definition, it can include:

- falsification of data;
- using a substitute person to undertake, in full or part, an examination or other assessment item;
- reusing one's own work, or part thereof, that has been submitted previously and counted towards another course (without permission);
- making contact or colluding with another person, contrary to instructions, during an examination or other assessment item;
- bringing material or device(s) into an examination or other assessment item other than such as may be specified for that assessment item; and
- making use of computer software or other material and device(s) during an examination or other assessment item other than such as may be specified for that assessment item.
- contract cheating or having another writer compete for tender to produce an essay or assignment and then submitting the work as one's own.
Plagiarism is the presentation of the thoughts or works of another as one's own. University policy prohibits students plagiarising any material under any circumstances. Without limiting the generality of this definition, it may include:

a) copying or paraphrasing material from any source without due acknowledgment;

b) using another person's ideas without due acknowledgment;

c) collusion or working with others without permission, and presenting the resulting work as though it were completed independently.

Turnitin is an electronic text matching system. During assessing any assessment item the University may -

- Reproduce this assessment item and provide a copy to another member of the University; and/or

- Communicate a copy of this assessment item to a text matching service (which may then retain a copy of the item on its database for the purpose of future checking).

- Submit the assessment item to other forms of plagiarism checking

RE-MARKS AND MODERATIONS
Students can access the University's policy at: http://www.newcastle.edu.au/policylibrary/000769.html

MARKS AND GRADES RELEASED DURING TERM
All marks and grades released during term are indicative only until formally approved by the Head of School.

SPECIAL CIRCUMSTANCES AFFECTING ASSESSMENT ITEMS

Extension of Time for Assessment Items, Deferred Assessment and Special Consideration for Assessment Items or Formal Written Examinations items must be submitted by the due date in the Course Outline unless the Course Coordinator approves an extension. Unapproved late submissions will be penalised in line with the University policy.

Requests for Extensions of Time must be lodged no later than the due date of the item. This applies to students:

- applying for an extension of time for submission of an assessment item on the basis of medical, compassionate, hardship/trauma or unavoidable commitment; or

- whose attendance at or performance in an assessment item or formal written examination has been or will be affected by medical, compassionate, hardship/trauma or unavoidable commitment.

Students must report the circumstances, with supporting documentation, as outlined in the Special Circumstances Affecting Assessment Items Procedure at: http://www.newcastle.edu.au/policylibrary/000641.html

Note: different procedures apply for minor and major assessment tasks.

Students should be aware of the following important deadlines:

- Special Consideration Requests must be lodged no later than 3 working days after the due date of submission or examination.

- Rescheduling Exam requests must be received no later than 10 working days prior the first date of the examination period.

Late applications may not be accepted. Students who cannot meet the above deadlines due to extenuating circumstances should speak firstly to their Program Officer or their Program Executive if studying in Singapore.
STUDENTS WITH A DISABILITY OR CHRONIC ILLNESS

University is committed to providing a range of support services for students with a disability or chronic illness. If you have a disability or chronic illness which you feel may impact on your studies please feel free to discuss your support needs with your lecturer or course coordinator.

Disability Support may also be provided by the Student Support Service (Disability). Students must be registered to receive this type of support. To register contact the Disability Liaison Officer on 02 4921 5766, email at: student-disability@newcastle.edu.au . As some forms of support can take a few weeks to implement it is extremely important that you discuss your needs with your lecturer, course coordinator or Student Support Service staff at the beginning of each semester. For more information on confidentiality and documentation visit the Student Support Service (Disability) website: www.newcastle.edu.au/services/disability .

CHANGING YOUR ENROLMENT

Students enrolled after the census dates listed in the link below are liable for the full cost of their student contribution or fees for that term.

http://www.newcastle.edu.au/study/fees/censusdates.html

Students may withdraw from a course without academic penalty on or before the last day of term. Any withdrawal from a course after the last day of term will result in a fail grade.

Students cannot enrol in a new course after the second week of term, except under exceptional circumstances. Any application to add a course after the second week of term must be on the appropriate form, and should be discussed with staff in the Student Hubs or with your Program Executive at PSB if you are a Singapore student.

To check or change your enrolment online go to myHub: https://myhub.newcastle.edu.au

STUDENT INFORMATION & CONTACTS

Various services are offered by the Student Support Unit:
www.newcastle.edu.au/service/studentsupport/

The Student Hubs are a one-stop shop for the delivery of student related services and are the first point of contact for students studying in Australia. Student Hubs are located at:

End of CTS Entry
-----------------------------------------------

Online Lecture/Tutorial Registration:

Students are required to enrol in the Lecture time for this course via the Online Registration system. Refer - http://studinfo1.newcastle.edu.au/rego/stud_choose_login.cfm

NB: Registrations close at the end of week 2 of semester.

Studentmail and Blackboard: Refer - www.blackboard.newcastle.edu.au/

This course uses Blackboard and studentmail to contact students, so you are advised to keep your email accounts within the quota to ensure you receive essential messages. To receive an expedited response to queries, post questions on the Blackboard discussion forum if there is one, or if emailing staff directly use the course code in the subject line of your email. Students are advised to check their studentmail and the course Blackboard site on a weekly basis.

Important Additional Information
