Emphasis is placed on influencing policy and programs.

This course provides an exploration and critique of social policy and social interventions. It contributes to the development of core skills including critical thinking and analysis, problem solving and communication skills. Presentation of Draft Research Papers
Additional Core Resource Material

(Note: this material is integral to the Second Assessment Task. *Note however, there exists an enormous body of literature which can be applied to this analytic task-this is merely a starting point)

In chapter 3, pages 15-27 Levin interrogates the terms policy and social policy stating that they are employed in different ways by different people. In particular, they mean different things to people in government – politicians and officials, the central participants in the making of policy – on the one hand, and to academic writers, people outside government, on the other.

In chapter 4, pages 28-65 Levin contrasts “thematic” approaches that are found in existing policy literature with a more trenchant critical analytic approach to deconstructing policy formulation, implementation and evaluation. The quest here is to move beyond generalisation to rigorous in depth inquiry. Levin exhorts the social scientist to examine differing discursive practices and the layers of discourse which both produce and (re) produce, particular policies and practices.

Assessment Tasks

1. **Seminar Presentation and submission of summary discussion paper**
   (minor essay 2000 word length) 40% total due mid semester

Students are advised to check their studentmail and the course Blackboard site on a weekly basis.

**Written Assignment Presentation and Submission Details**
Students are required to submit assessment items by the due date. Late assignments will be subject to the penalties described below.

**Hard copy submission:**
- **Type your assignments:** All work must be typewritten in 11 or 12 point black font. Leave a wide margin for marker's comments, use 1.5 or double spacing, and include page numbers.
- **Word length:** The word limit of all assessment items should be strictly followed – 10% above or below is acceptable, otherwise penalties may apply.
- **Proof read your work** because spelling, grammatical and referencing mistakes will be penalised.
- **Staple the pages** of your assignment together (do not use pins or paper clips).
- **University coversheet:** All assignments must be submitted with the University coversheet: [www.newcastle.edu.au/policy/academic/general/assess_coversheet.pdf](http://www.newcastle.edu.au/policy/academic/general/assess_coversheet.pdf)

  - Level 2, Student Services Centre, Callaghan
  - Ground Floor, University House, City
  - Ground Floor, Administration Building, Ourimbah
- **Do not fax or email assignments:** Only hard copies of assignments will be considered for assessment. Inability to physically submit a hard copy of an assignment by the deadline due to other commitments or distance from campus is an unacceptable excuse. Assignments mailed to Schools are accepted from the date posted.
- **Keep a copy of all assignments:** All assignments are date-stamped upon receipt. However, it is the student's responsibility to produce a copy of their work if the assignment goes astray after submission. Students are advised to keep updated back-ups in hard copy and on disk.

**Online copy submission to Turnitin**

In addition to hard copy submission, students are required to submit an electronic version of the following assignments to Turnitin via the course Blackboard website.

*The following written assessment items are to be submitted to “Turnitin”*

a) **Assessment Task 1. Seminar Presentation and submission of summary discussion paper** (minor essay 2000 word length) 40% total due mid semester

b) **Assessment Task 2. Major Essay** 2500 words due Academic week 13 – Friday 5th June 2010.

**Plagiarism**

University policy prohibits students plagiarising any material under any circumstances. A student plagiarises if he or she presents the thoughts or works of another as their own. Without limiting the generality of this definition, it may include:
copying or paraphrasing material from any source without due acknowledgment;

· using another's ideas without due acknowledgment;

· working with others without permission and presenting the resulting work as though it was completed independently.

Plagiarism is not only related to written works, but also to material such as data, images, music, formulae, websites and computer programs. Aiding another student to plagiarise is also a violation of the Plagiarism Policy and may invoke a penalty. For further information on the University policy on plagiarism, please refer to the Policy on Student Academic Integrity at the following link:

The University has established a software plagiarism detection system called Turnitin. When you submit assessment items please be aware that for the purpose of assessing any assessment item the University may -

· Reproduce this assessment item and provide a copy to another member of the University; and/or

· Communicate a copy of this assessment item to a plagiarism checking service (which may then retain a copy of the item on its database for the purpose of future plagiarism checking).

· Submit the assessment item to other forms of plagiarism checking

Penalties for Late Assignments
Assignments submitted after the due date, without an approved extension of time will be penalised by the reduction of 5% of the possible maximum mark for the assessment item for each day or part day that the item is late. Weekends count as one day in determining the penalty. Assessment items submitted more than ten days after the due date will be awarded zero marks.

Refer - ‘Rules Governing the Administration of Assessment Items - Rule 000113’ available @ http://www.newcastle.edu.au/policylibrary/000113.html (section 18)

Return of Assignments
Students can collect assignments from a nominated Student Hub during office hours. Students will be informed during class which Hub to go to and the earliest date that assignments will be available for collection. Students must present their student identification card to collect their assignment.
Special Circumstances:

Students wishing to apply for Special Circumstances or Extension of Time should apply online. Refer - ‘Special Circumstances Affecting Assessment Items - Procedure 000641’ available @ [http://www.newcastle.edu.au/policylibrary/000641.html](http://www.newcastle.edu.au/policylibrary/000641.html)

No Assignment Re-submission

Students who have failed an assignment are not permitted to revise and resubmit it in this course. However, students are always welcome to contact their Tutor, Lecturer or Course Coordinator to make a consultation time to receive individual feedback on their assignments.

Re-marks & Moderations

A student may only request a re-mark of an assessment item before the final result – in the course to which the assessment item contributes – has been posted. If a final result in the course has been posted, the student must apply under the Procedures for Appeal against a Final Result (see: [http://www.newcastle.edu.au/study/forms/](http://www.newcastle.edu.au/study/forms/)).

Students concerned at the mark given for an assessment item should first discuss the matter with the Course Coordinator. If subsequently requesting a re-mark, students should be aware that as a result of a re-mark the original mark may be increased or reduced. The case for a re-mark should be outlined in writing and submitted to the Course Coordinator, who determines whether a re-mark should be granted, taking into consideration all of the following:

1. whether the student had discussed the matter with the Course Coordinator
2. the case put forward by the student for a re-mark
3. the weighting of the assessment item and its potential impact on the student’s final mark or grade
4. the time required to undertake the re-mark
5. the number of original markers, that is,
   a) whether there was a single marker, or
   b) if there was more than one marker whether there was agreement or disagreement on the marks awarded.

A re-mark may also be initiated at the request of the Course Coordinator, the Head of School, the School Assessment Committee, the Faculty Progress and Appeals Committee or the Pro Vice-Chancellor. Re-marks may be undertaken by:

1. the original marker; or
2. an alternate internal marker; or
3. an alternate external marker (usually as a consequence of a grievance procedure).

Moderation may be applied when there is a major discrepancy (or perceived discrepancy) between:

1. the content of the course as against the content or nature of the assessment item(s)
2. the content or nature of the assessment item(s) as against those set out in the Course Outline
3. the marks given by a particular examiner and those given by another in the same course
4. the results in a particular course and the results in other courses undertaken by the same students.

**Return of Assignments**

Students can collect assignments from a nominated Student Hub during office hours. Students will be informed during class which Hub to go to and the earliest date that assignments will be available for collection. Students must present their student identification card to collect their assignment.

- By arrangement with the relevant lecturer, assignments may be submitted at any Student Hub located at:
  - Level 3, Shortland Union, Callaghan
  - Level 2, Student Services Centre, Callaghan
  - Ground Floor, University House, City
  - Ground Floor, Administration Building, Ourimbah

- **Date-stamping assignments:** All students must date-stamp their own assignments using the machine provided at each Student Hub. If mailing an assignment, this should be addressed to the relevant School. Mailed assignments are accepted from the date posted, confirmed by a Post Office date-stamp; they are also date-stamped upon receipt by Schools.

**Preferred Referencing Style**

In this course, it is recommended that you use the use the Harvard in-text referencing system (similar to the APA system) for referencing sources of information used in assignments. Inadequate or incorrect reference to the work of others may be viewed as plagiarism and result in reduced marks or failure. An in-text citation names the author of the source, gives the date of publication, and for a direct quote includes a page number, in parentheses. At the end of the paper, a list of references provides publication information about the source; the list is alphabetised by authors' last names (or by titles for works without authors). Further information on referencing and general study skills can be obtained from:

**Student Representatives**

We are very interested in your feedback and suggestions for improvement. Student Representatives are the channel of communication between students and the School Board. Contact details of Student Representatives can be found on the School website.

**Student Communication**

Students should discuss any course related matters with their Tutor, Lecturer, or Course Coordinator in the first instance and then the relevant Discipline or Program
Convenor. If this proves unsatisfactory, they should then contact the Head of School if required. Contact details can be found on the School website.
