A C A D E M I C A P P O I N T M E N T S , R E S I G N A T I O N

Dr. A. Cantoni has commenced duty as a Lecturer in Electrical Engineering. Dr. Cantoni is a Bachelor of Engineering and Doctor of Philosophy in the University of Queensland and was formerly a Lecturer in Computer Science, Australian National University.

Dr. D.W. Bennett has taken up his appointment as a Lecturer in Civil Engineering. He is a Bachelor of Engineering, a Master of Engineering Science and a Doctor of Philosophy in the University of Melbourne and is a specialist in transportation systems and the theory of Civil Engineering systems generally.

Dr. E.R. Smith, who holds the degrees of Master of Science in the University of Melbourne and Doctor of Philosophy in the University of London, has begun duties as Lecturer in Mathematics. He was formerly a Research Assistant in the Faculty of Mathematics, The Open University, United Kingdom and a Research Fellow in the Department of Applied Mathematics, Research School of Physical Sciences, Australian National University.

Mr. R.N. Watterson has taken up his appointment as Senior Tutor in Legal Studies. He holds the degree of Bachelor of Laws in the University of Sydney.

Mr. G.R. Dowling has commenced duty as a Tutor in Commerce. He is a Bachelor of Commerce and a Diplomate in Business Studies in this University.

Mr. K.R. Maher has taken up his appointment as Demonstrator in Psychology after working as a part-time Tutor at Macquarie University. He holds the degree of Bachelor of Arts with honours in the University of Sydney.

Mr. T.A. Matyas has begun duty as a Demonstrator in Psychology. He holds a Bachelor of Arts degree with honours in the University of New South Wales and was formerly a part-time Tutor at Macquarie University.

Miss S.A. Wortley has taken up her appointment as Demonstrator in Psychology. She is a Bachelor of Arts with honours in this University.

Dr. B.W. Lancaster, formerly Senior Lecturer in Chemical Engineering, resigned on 1st March so he could join the staff of the Westinghouse Corporation in the U.S.A. as Engineer-in-Charge of a new atmospheric control development project.

Mr. G.L. Harrison, Lecturer in Commerce, will resign on 12th May in order to go to the U.S.A. to begin work on a Doctor of Philosophy degree.

D E A T H O F S T A F F M E M B E R

It is with great regret that we record the death, which occurred in Sydney on 9th March, of Mr. J.M. Heuzenroeder, a Senior Lecturer in the Department of English. He was aged 41. Mr. Heuzenroeder joined the University in 1970, having formerly held the position of Lecturer at the James Cook University of North Queensland.
He was active as a poet, and as a critic and scholar in the field of Australian literary studies. His publications included poems which appeared in various Australian periodicals, critical articles, and an edition, with biographical and critical introduction, of Havelock Ellis's novel, *Kanga Creek*. In 1972 he completed a series of poems on themes relating to South Australia where he was born and brought up.

He is survived by his wife and three children.

The Head of the Department of English (Professor A.M. Gibbs) writes:

"The news of John Heuzenroeder's untimely death has come as a great blow to all of us in the Department, as it will have done also to his wide circle of friends elsewhere in Australia. He was a man of exceptionally fine qualities both as a person and as a university teacher, and during his time here he endeared himself to us as a most likeable and valuable colleague. His work in the Department bore everywhere the marks of a clear and decisive intelligence, good sense, and a warmly humane outlook. He had an acute sense of the difference between the essentials and the inessentials in educational matters, and will be remembered with great affection in the Department for the humorous and forthright comments he was accustomed to make whenever, during discussion, there was a hint of palaver or pretentiousness in the air.

"His range of interests extended far beyond the confines of his teaching subjects. He kept himself well informed about current affairs and over the years built up an extensive library of books and journals on a wide variety of subjects. He was a gifted poet, and it is gratifying that before he died he was at least able to complete the series of poems about South Australia which he regarded as his most significant creative achievement. In the critical field, his main contributions to Australian literary studies were concerned with the views of Australia presented by visiting overseas writers, in particular, D.H. Lawrence and Havelock Ellis. His introduction to the latter's short novel about his experiences as a schoolteacher in Australia, *Kanga Creek*, is distinguished by its lucid, informative and graceful style. It is much to be regretted that he was not able to complete the study he had embarked upon of the idea of the city in Australian poetry. News of the acceptance by *Meanjin* of an article which formed part of this study, on the 'Melbourne Odes' of Frank Wilmot, was received only a few days ago.

"I know that I speak for the Department as a whole in expressing my deepest sympathy to Mrs. Heuzenroeder and the children".

**ELECTION OF STUDENT REPRESENTATIVES**

The Senate
The Faculty Boards
The Board of Environmental Studies

In 1972 the Council decided that there should be student participation in University decision making by means of membership on various University bodies of student representatives.

**ELIGIBILITY**

**Senate and Board of Environmental Studies**

All students who are currently enrolled as candidates proceeding to a degree or a Diploma in the University and who were enrolled in the University in 1972 are eligible to vote, to nominate candidates and to stand for election.

**Faculty Boards**

All students who are currently enrolled in the Faculty concerned as a candidate proceeding to a degree or Diploma in the University and who were enrolled in the University in 1972, are eligible to vote, to nominate and to stand for election.
NOMINATIONS

Nominations of duly qualified persons for election to the following vacancies are hereby invited:

The Senate 4

Faculty Boards
- Faculty of Applied Science 2
- Faculty of Architecture 2
- Faculty of Arts 6
- Faculty of Economics and Commerce 4
- Faculty of Engineering 4
- Faculty of Mathematics 2
- Faculty of Science 4

The Board of Environmental Studies 3

A nomination shall:
- be in writing;
- be signed by two persons to vote in the election for the vacancy concerned;
- be endorsed with or accompanied by the written consent of the nominee to his nomination;

PUBLICATION OF NAMES OF PERSONS NOMINATED

The names of persons nominated will be published on the University Notice Board, at the head of the main staircase in Building A, on Tuesday, 20th March, 1973.

BALLOT

In the event of the number of valid nominations received being greater than the number of vacancies, the successful candidates will be determined by a secret ballot conducted by means of personal voting.

Votes will be taken in the foyer of the University Library between the hours of 11.30 a.m. and 2.30 p.m. and 5.30 p.m. and 7.30 p.m. on Tuesday, 27th March, and Wednesday, 28th March, 1973.

P.D. ALEXANDER,
Returning Officer
Room 174, Building A.

GEOGRAPHY MAN OFF TO THE U.S.A.

Dr. Don Parkes, Lecturer in Geography, leaves Australia on 22nd March with eight other Australian academics to participate in a workshop on Range Science in the U.S.A.

The workshop will be held in Salt Lake City and Tucson from 26th March until 5th April.

The C.S.I.R.O. Rangeland Research Unit invited Dr. Parkes to contribute a paper in the general area of social and political implications for using Australia's arid lands for any purpose.

The Leader of the unit (Mr. R.A. Perry) said in a letter to the Vice-Chancellor that Australia and the U.S.A. negotiated a treaty on collaboration in Science in 1968 and under the treaty a joint U.S./Australian panel on Range Science was established. The main activity of the panel had been to organize a series of seminar-workshops on specific topics, with specialists from each country being invited to participate.
Dr. Parkes said seminar-workshops had previously been held in Adelaide, South Australia, and Berkeley, California. The cost of Australia's participation in the seminar-workshops was borne by the Department of Education and Science, Canberra. The party would visit desert research stations on the drive from Salt Lake City to Tucson.

He described the trip as a useful and interesting challenge and said he wanted to thank his colleagues in Geography for their help while he prepared his paper.

**UNION BOARD CHANGES**

The Board of Management of the Union has a new President to succeed Mr. J. Kumm, who resigned.

Mr. Richard E. Henderson, who is enrolled in the Faculty of Economics and Commerce, was elected President by the Board for a term of office ending in May when another Board will be elected.

Miss Sue-Ann Angus, an Arts student, was elected Treasurer following the resignation of Mr. G.S. Martin, for the same term as Mr. Henderson.

An election will be held this week to fill vacancies on the Board for three student members and one graduate representative.

Mr. D. Bowden has been appointed by the S.R.C. to fill the vacancy on the Board of Management caused by the resignation of Mrs. A. Kumm.

**EDWARDS HALL APPOINTMENTS**

Mr. B.J. Couper, a Postgraduate student in the Department of Mechanical Engineering, has been appointed to the position of part-time Deputy Warden of Edwards Hall for 1973. Mr. Couper was a Subwarden of the Hall in 1972.

Dr. K. Schmalzl, formerly Post-doctoral Research Fellow in the Department of Chemistry and a Subwarden of Edwards Hall for 1973, has left the University to take up a position in Canberra.

Mr. Neil Simpson, an employee of the Electricity Commission of N.S.W. and part-time Demonstrator in Physics, has accepted the vacant Subwarden position.
Mr. W.S. Menary, 1960 M.A. (Glasgow), 1971 B.A. with Honours in English, has been appointed Lecturer in English in Adelaide Teachers' College. A Scot, born in Malaya, Mr. Menary taught English at Newcastle Boys' High School and pursued his studies at this University on a part-time basis. He has been in Scotland until recently.

Mr. R.J. Carter, Laboratory Technician in the Department of Metallurgy, has taken up a lecturing appointment at Sydney Technical College. He is a 1969 Bachelor of Science (Technology) and will be awarded his Master of Science degree at this year's Conferring of Degrees Ceremony.

Mr. D.R. Arnott, who graduated in 1968 with Honours in Physics, has been appointed to a lectureship in the Capricornia Institute of Technology, Rockhampton. He will graduate at this year's Conferring of Degrees Ceremony as a Doctor of Philosophy.

COUNSELLOR LEAVES FOR FIJI

Student Counsellor, Mr. B.E. Hazell, has accepted a temporary post with the University of the South Pacific, Fiji, for two years. Mr. Hazell, will begin the establishment of a University Counselling Service at the University of the South Pacific on 2nd April.

Asked what form of counselling service the University of South Pacific would establish, Mr. Hazell said such a service would initially be rather similar to the University of Newcastle's, but it would include a scheme of student contact whereby senior students were given training to enable them to counsel fellow students under the Counsellor's supervision. The aim was to determine whether students could counsel within some of the diverse cultures more effectively than the Counsellor. The University's student numbers subdivided into about half Indian-Fijians and about half Tongans, Fijians, Samoans and other Polynesian groups.

STREAM OF VISITORS TO RUSSIA

The Secretary of the Australian Vice-Chancellors' Committee has asked the Vice-Chancellor to bring to the attention of members of staff in the University the following letter which he has received from the Secretary of the Department of Education:

"I have been advised that the Australian Embassy in Moscow is experiencing difficulties in coping with the increasing flow of Australian visitors, including academics, to the U.S.S.R. The type of assistance sought from the Embassy by academics includes not only preparations for travel, but also assistance in preparations for programmes of study, itineraries and the arrangement or confirmation of their contacts within the U.S.S.R.

"It is suggested that academics intending to visit the U.S.S.R. might contact the Department of Foreign Affairs well in advance of any proposal that could require assistance from the Embassy or their intervention in any way. This would enable the Department of Foreign Affairs or the Embassy to give any necessary guidance that might facilitate the objectives of the visitors.

"This advice is intended to assist Australian academics in making preliminary arrangements in Australia for planned visits to the U.S.S.R. In the course of their stay in the U.S.S.R., academics may, of course, approach the Embassy when requiring assistance.

"I should be grateful if you could bring these matters to the attention of Australian University Staff who may be interested in visiting the U.S.S.R."
Dr. Parkes said seminar-workshops had previously been held in Adelaide, South Australia, and Berkeley, California. The cost of Australia's participation in the seminar-workshops was borne by the Department of Education and Science, Canberra. The party would visit desert research stations on the drive from Salt Lake City to Tucson.

He described the trip as a useful and interesting challenge and said he wanted to thank his colleagues in Geography for their help while he prepared his paper.

**EDWARDS HALL APPOINTMENTS**

Mr. B.J. Couper, a Postgraduate student in the Department of Mechanical Engineering, has been appointed to the position of part-time Deputy Warden of Edwards Hall for 1973. Mr. Couper was a Subwarden of the Hall in 1972.

Dr. K. Schmalzl, formerly Post-doctoral Research Fellow in the Department of Chemistry and a Subwarden of Edwards Hall for 1973, has left the University to take up a position in Canberra.

Mr. Neil Simpson, an employee of the Electricity Commission of N.S.W. and part-time Demonstrator in Physics, has accepted the vacant Subwarden position.
In July, 1971, the University of Newcastle Staff Credit Union Limited began with two main objects: To encourage members to save by regular instalments and to lend these savings to other members at a reasonable rate of interest. The Credit Union has been a success, there now being approximately 200 members with $36,500 in savings and $41,000 on loan.

The Vice-Chairman of the Board of Directors (Mr. N. Keats) announced after a meeting of the Board on 12th March that new applications for loans would not be accepted for some time, possibly until the start of Second Term. The decision, which was unavoidable due to the rapid increase in requests for loans, did not apply to applications lodged prior to 12th March. The Board would progressively provide these loans from savings and other funds it received in the next two months.

Mr. Keats said he and the Directors regretted having to postpone the making of loans, but the fact that the interest rate was lower than that charged by other financial institutions had made the Credit Union very popular with members of staff. Of the 125 loans made since operations began 18 months ago, more than 70 had been provided in the last six months.

PREPARING TO TEACH

A statement on the prerequisites for admission to the course for the Diploma in Education and the selection of subjects by students who are preparing to teach has been prepared by Professor Short. Copies may be obtained on application to the Office of the Department of Education (Room 109, Building A).

New prerequisites are now in operation and must be satisfied by students seeking entry to the course in 1974 and later years. The information is therefore relevant to second and third year students as well as to those in first year.

HOSPITAL AND MEDICAL FUNDS

Students are able to join hospital and medical funds operated by the Australian Union of Students. A pamphlet dealing with the funds states that full protection against bills for medical and hospital care is provided for 25% of the cost of commercial rates.

The contribution rates are: hospital $2.62, medical $3 and combined $5.62 a half year. The benefit for hospital charges is $105 per week, which completely covers the charges made by public hospitals for Standard (Public) wards. As regards medical benefits, where the doctor charges the most common fee, the differences between the fee and the benefit will not exceed $5. The Fund also pays benefits for new spectacles, eye examinations, physiotherapy, home nursing and outpatients treatment.

Elaboration can be obtained from the A.U.S. Friendly Society's pamphlet, copies of which exist in the Union and at the S.R.C. Office.

ROLES ALLOTTED

At auditions held on 6th March, the cast was selected for the Tennessee Williams play, "The Milk Train Doesn't Stop Here Anymore".

The central role of Mrs. Flora Goforth will be played by Diane Gatgens, with Cathy McDonald as her Secretary, Blackia and Justyn Reis as the itinerant poet, Chris Flanders. Fata Morgana will appear as the Marquessa Constance Ridgeway Condotti (The Witch of Capri). Other roles will be taken by Tony Lynch, Mary Fitzgerald and Richard Webber. Peter MacDonald and Arthur Cooke will play the Kabuki stage hands.
The play will be presented in the Arts/Drama Theatre for a season commencing on Tuesday, 1st May.

ADVERTISEMENTS

TO LET: First-class home (furnished or unfurnished), Fishing Point, Lake Macquarie, 30 minutes' pleasurable drive by car from the University, suitable for temporary residence for visiting Lecturer, with or without family, discuss terms with owner, Mrs. Clarke (57 1535) or contact Accommodation Service (Ext. 500) if any further details are required.

FOR SALE: 3 bedroom weatherboard family home, adjacent to the University, lots of extras, including swimming pool, enquiries Ext. 233 after 1 p.m.

FOR SALE: 1965 Triumph 2000, white with red upholstery, heater, approx. 62,000 miles on dashboard, new brakes, registered till October, $1,050, 'phone Ext. 255, Anne Furner.

THESIS TYPING: Mrs. E. Blunden, Flat 2/31 Pell Street, Merewether is available to type theses and essays.

FOR SALE: Motorcycle, Kawasaki G4TR, 100 c.c., trail model. Registered until December. Five speed gearbox, plus hi-low transfer case gives ten gear ratios. Recently de-coked, near new rear tyre, workshop manual, and luggage rack included. Has covered 8,000 miles, no competition or heavy work, mainly commuting, full price $295. Contact Ray White (Ext. 211).

TYPING DONE: A shorthand-typiste owning an electric typewriter is willing to take down dictation in shorthand; pick up and deliver any manuscripts. Ring 53 2647 or write to Mrs. S. Helmers, 27 Seaham Street, Estelville. 2286

POSITIONS AVAILABLE

MALE CLERK - Accountant's Section Position No. N42/73

The position would suit a person up to 25 years of age, but applications from other and more experienced clerks will receive consideration. As the successful applicant will be employed initially in the Purchasing Section, experience in various aspects of purchasing would be an advantage.

Salary will be within the range $1,976 - $5,401 per annum, according to age. qualifications and experience.

STENOGRAPHER - Department of Psychology Position No. N43/73

A competent and experienced stenographer is required. Commencing salary will be up to $65.01 per week, depending upon age, qualifications and experience. In addition efficiency allowances up to $6.90 per week can be gained by passing speed tests at examinations. Salary rates may be reviewed shortly.

CUSTODIAN Position No. N44/73

Applications are invited from persons with suitable experience. The duties will include the surveillance of and assisting with the operation of lighting, sound and other systems in a number of theatres, but primarily in the Arts/Drama Theatre; assisting with the building of stage sets, care of theatre equipment and related tasks. Commencing salary will be within the range $4,523 - $4,755 per annum. These rates are currently under review.

BUILDINGS SUPERVISOR - Planners Division Position No. N34/73A

Prior experience in a similar position and a building-trade based background would be an advantage. Duties carried out under the direction of a professionally qualified person, will include supervision of cleaning standards,
general oversight of minor works carried out by outside contractors, assisting with the assembly of information required for renovation programmes, space usage purposes, and related duties.

Salary range $4,600, $4,887, $5,175, $5,462, $5,750 per annum.

LABORATORY ATTENDANT/ASSISTANT - Department of Biological Sciences Position No. N35/73

Duties include assisting with the setting up and handling of equipment in the preparation of materials for practical classes, and the care and maintenance of stocks of Laboratory animals and micro-organisms.

Salary ranges for adults are: Laboratory Attendant $3,495 - $3,767 p.a. Laboratory Assistant $3,954 - $5,104 p.a.

Commencing salary will be dependent upon qualifications and experience. Juniors are paid according to age. Applicants for Laboratory Assistant must possess a Technical College Certificate in Biology or have completed other qualifications, deemed by the University to be appropriate.

LABORATORY ATTENDANT (MALE) - Department of Civil Engineering Position No. N36/73

Duties include general servicing and other routine work associated with laboratory activities. Formal qualifications are not required, but industrial or construction experience could be advantageous.

Salary range for adults is $67.03 per week, to $72.24 per week and commencing salary will depend upon age, qualifications and experience. Juniors are paid according to age.

ATTENDANT MALE - Faculty of Economics and Commerce Position No. N37/73

The successful applicant will be required to undertake a variety of duties of a general and routine nature.

Commencing salary for an adult is $62.79 per week. Juniors are paid according to age.

ATTENDANT (MALE) - Department of Economics Position No. 38/73

Required for duties in connection with the Department's Research Material Collection. Duties include the shelving of research material, checking, and the general security of the collection.

Commencing salary for an adult will be $62.79 per week. Juniors are paid according to age.

STENOGRAPHERS - Department of Mathematics Position No. N39/73

A competent and experienced stenographer is required. Commencing salary will be up to $65.01 per week, depending upon age, qualifications and experience. In addition efficiency allowances up to $6.90 per week can be gained by passing speed tests at examinations. Salary rates may be reviewed shortly.

Applicants are asked to show on their application form the shorthand and typing speeds which they are confident of achieving under tests.

OFFICE ASSISTANT/TYPIST - Secretary's Division Position No. N40/73

A competent touch typist experienced in office routine is required. Commencing salary will be up to $62.71 per week, depending on age, qualifications and experience. In addition efficiency allowances up to $2.30 per week can be gained by passing speed tests at examinations.

Applications close on 20th March.

Applications forms are available from Personnel Section.
The Conductor will be the Director of the orchestra (Mr. Robert Miller). The Union will be open for meals between concerts. Admission is by programme, which costs 50 cents. Programmes are available.

**Film Series**

The Department of Community Programmes is presenting the B.B.C. colour films "Civilisation", depicting the rise of western civilisation, in Lecture Theatre B01 on Mondays at 8 p.m. Admission is FREE.

**SPORTING NEWS**

**Aussie Rules**

The University of Newcastle Australian Rules Football Club was formed in 1970 by a team of ex-high school reps who wanted to see the code introduced to the University's sporting life. Since its inception the Club has grown and now has two teams.

The Club has stated that due to Sports Union restrictions and the large turnover of players that results from graduate postings, injuries, drop-outs, etc., it requires the support of all keen sportsmen, i.e., Rugby, Soccer, Hockey (male and female), chess, snooker and dart players.

For further enquiries contact:- Max Geggie (Commerce IV) 'phone 52 2326, John Moore (Metallurgy V), Peter Jessop (Engineering IV), Dave Wood (Dip. Ed.) or Mick Speers 'phone 2 0301.

The Club will hold a meeting in the Reading Room of the Union on 22nd March at 7.30 p.m.

**Eastern Zone Matches**

Teams from the University are expected to compete in the Eastern Zone Universities contests this year.

The programme for the contests:

- Athletics (men and women), Queensland, 9th - 11th June;
- Australian National Football, Queensland, 13th - 20th May;
- Badminton (men and women), Macquarie, 4th September;
- Basketball (men), Wollongong, 15th - 17th August and
- Squash (men and women), Wollongong, May or June.

**Sailing Club**

The Club has extended a cordial invitation to members of Staff to visit Belmont 16 ft. Sailing Club on Saturday, 17th March. The purpose is to allow guests to "go for a sail" in the club's 16 ft. skiff, "Here's Cheers" and, later, to join club members in a barbecue. With meat prices at an all-time high, people who attend should bring their own steak.

**STUDENT IDENTITY CARDS**

Student Identity Cards will be available at the Student Administration Office from 14th March, 1973. In order that part-time students may collect their Student Identity Cards, the Student Administration Office will remain open until 6 p.m. on Monday, 19th March, Thursday, 22nd March, Monday 26th March and Thursday 29th March, 1973. Student Identity Cards will be issued only on production of receipt for fees.
