CONSULTANT FOR MEDICAL SCHOOL

The University of Newcastle was recently visited by Professor David C. Sinclair, M.A.(Oxon.), M.D.(St. Andrews), D.Sc.(W.Aust.), F.R.C.S.(Edinburgh), who has been acting as a Consultant to the University and to the Dean-elect of the Faculty of Medicine, Professor D. Maddison, regarding the establishment of the Faculty of Medicine at the University.

Professor Sinclair, who currently occupies the Chair of Anatomy at the University of Aberdeen, was the Foundation Professor of Anatomy when the new Faculty of Medicine was established at the University of Western Australia in 1956 and, accordingly, has special knowledge, not merely of Australian conditions, but also of the problems of establishing a new Faculty.

During the war, Professor Sinclair, as an officer of the R.A.M.C., was loaned to the Australian Government and spent some time in North Queensland. Subsequently he was a member of the staff of the Department of Anatomy at the University of Oxford and a Lecturer in Anatomy at the Ruskin School of Fine Arts. Since 1965 he has been Regius Professor of Anatomy at the University of Aberdeen and for several years was Editor of the Journal of Anatomy. He is the author of six books and many chapters and papers in scientific publications.

TO ALL THE GIRLS WE THOUGHT WORKED AT THE BIG W

The female staff 'get-together' was a tremendous success. We had to keep bringing more, and more, and more chairs to the McLarty Room to cope with the large gathering. It was estimated that approximately 30 people turned up! Many thanks for making it such a success, girls.

For those who were unable to come on this occasion, the decision was unanimous to congregate once per month, and the offer of a room at the Union was gratefully accepted. The Union will permit us to use the meeting room, near the Student Health Service, instead of the Basil Helmore Room, which is not available. Do come along and allow us the pleasure of your company any first Wednesday of the month.

By the way, you don't have to feel lonely or isolated to be eligible to come along. Although that situation does exist, it was only one suggestion for the need for regular get-togethers. All you really need is the wish for the fellowship of your co-workers.

It seems that many of us have felt the desire to know the rest of the girls on campus and it only needed a short notice per University News to get things going. Therefore, to the Union and to the Editor of "University News" we offer sincere thanks for allowing us the venue for a meeting place and the
means of communication...

Joan Odgers (Geology)

P.S. We decided to wear to the next couple of get-togethers a name tag bearing our name and the section in which we work.

V I S I T O R S  F R O M  V I E T N A M

Two students representing the Provisional Revolutionary Government of South Vietnam will call at Newcastle as part of a tour of Australian universities organised by the Australian Union of Students.

F O O D  C O O P E R A T I V E

The Students' Representative Council has decided to move into the food marketing business.

Having resolved to set up a cooperative in the Union building for the benefit of students, the S.R.C. will commence the distribution of food order forms on Thursday, 19th September, in the room adjacent to the A.U.S. Travel office in the Union.

The organiser, Mr. T. French-Kennedy, explained that milk products, meat, fish, canned food, honey, fruit and other produce would be bought in bulk from the markets and warehouses in accordance with the students' orders. Students would be placed on a roster each week to buy the food.

The order forms would be collected at the University every Thursday and the food would be distributed the following day. A joining fee of $1 would be charged to join the cooperative.

R E P O R T  F R O M  T H E  S T A F F  A S S O C I A T I O N

The present executive of The University of Newcastle Staff Association has decided to report on a regular basis to staff members through "University News". The Executive stated that it hoped this practice would encourage members outside the Executive to communicate their feelings on various issues to the executive.

The Executive has established sub-committees to examine a number of areas.

The Sub-Committee on Democratic Government of University Departments organised meetings at which speakers gave, or will give, their views. A meeting was held in the Economics Conference Room on 12th September (speakers, Mr. R. Robinson, Professor Tweedie, Mrs. B. Lord) and another in the same room on 19th September at 1 p.m. (speakers, Mr. T. Burke, Professor J. Keats, Professor B. Anderson).

The final talk in the series will be given by Tony Winefield, Senior Lecturer, Department of Psychology and Dean of the Faculty of Arts at the University of Adelaide. This talk will be given on 27th September, 1974 in the Special Functions Room, The Great Hall, starting at 2.30 p.m. This will be followed by wine and cheese.

A second Sub-Committee is concerning itself with investigation of means by which the administration of the University could be made more accessible to staff members.

Areas which are receiving attention include an appeals procedure for promotions, the accessibility of files containing information on any staff member to the staff member concerned, means of expanding sub-professorial staff participation in University planning (and in particular the A.U.C. Submissions) and the publications by the University of a booklet of statistics concerning personnel and expenditure (including research expenditure) similar to booklets produced in other Universities and more comprehensive than the Annual Report in the University Calendar. It is hoped that staff members will convey their feelings on these and other questions pertaining to Open Government to members of the Executive.

Members of the Staff Association can contact members of the Executive at the extensions indicated:

President, John Giles (ext. 510);
Vice-President, Fran Chopra (ext. 270);

The Australian and Queensland Governments jointly have formed a Committee which will recommend research grants for investigation of problems associated with the Crown-of-thorns starfish. The Committee is now calling for applications for research in 1975 but the project does not necessarily need to be completed in 1975. The project may cover any problem associated with the Crown-of-thorns starfish including reef ecology and coral formation; and involving either biology, monitoring or control measures.

Applications must be submitted through the administration of the applicant's institution so as to reach the Secretary, Advisory Committee on Research into the Crown-of-thorns starfish, Department of Science, Box 449, Post Office, Woden, ACT 2606 not later than 27th September, 1974. LOOKING AT THE PUBLIC SERVICE

The Australian Public Service is again offering employment to selected under­graduates during the long vacation.

The scheme is designed to give students who are likely to apply for Graduate Appointment in later years an opportunity to look at the Service. Employment is in the metropolitan area of Sydney and successful applicants from the country would be responsible for their own travelling and accommodation arrangements and costs. Those eligible to apply are students not in their first or final years who are eligible for permanent residence in Australia and not bonded to any employer.

Administrative positions are available only to students undertaking Arts and related degrees (Economics, Commerce, Law, Science, Maths, Statistics, Psychology). Successful applicants should be prepared to commence duty on 9th December, 1974.

Technical positions are available to students in technical courses (Science, Engineering, Architecture, Medicine, etc.). Successful applicants should be prepared to commence duty on 2nd December, 1974.

"The Poker Session" is being presented at the Repertory Club, de Vitre Street, Lambton, for a season of eleven performances, commencing Wednesday, 18th September. There will be further performances on Fridays and Saturdays and Tuesdays and Wednesdays from then on.

The play, written by Irishman Hugh Leonard, deals with the problems of a young man recently released from a lunatic asylum and his attempts to readjust to his environment. To 'celebrate' his new freedom, he organises a "Poker Session" for his family and friends, but during the course of the evening is determined to discover which person caused his insanity.

Bookings for "The Poker Session" may be arranged by phoning 51 2870.

C. U. CLOSES BOOKS FOR LOANS

Due to the liquidity position being experienced and the difficulty of obtaining finance from other institutions, the Credit Union has experienced a substantial increase in applications from members for financial assistance.

The increase in loan applications has been so severe that, to enable the Credit Union to establish Cash Reserves, the Board of Directors has reluctantly closed the books and will not receive further loan applications until 3rd December, 1974.

Loan applications submitted on and after 3rd December must be submitted at the Credit Union Office - Room T25. They will not be accepted by Board members or other Office bearers of the Credit Union outside the normal office hours of the Credit Union.
