LINK WITH THE QUEEN

Eleven members of staff and students will be personally associated with the visit of the Queen to Newcastle on March 11.

While Her Majesty is being awaited at Williamtown R.A.A.F. Base and travelling into the City to open the new Art Gallery, the ll men will be playing cricket against the crew of the Royal Yacht Britannia.

The Navy asked the University to arrange a match between teams representing the crew and the University. The Britannia berths in Newcastle Harbour at 8 a.m. and departs at 6 p.m. with the Queen and Prince Phillip aboard.

The cricket match will be held at University Oval between 10.30 a.m. and 4 p.m.

LOCAL ARTIST REPRESENTED IN LONDON EXHIBITION

Mr. Irvine Homer is one of three Australian artists selected by the Commonwealth Institute to be represented in an exhibition at the Commonwealth Institute Art Gallery in London. The exhibition has been organised to mark the Queen’s Silver Jubilee and is called “Commonwealth Artists of Fame 1952 - 1977.” It will be open to the public from June 1 to July 3.

Everyone of the three artists has been asked to submit up to four paintings representing his work over the period 1952 to 1977.

Two of the paintings selected by Mr. Homer have connections with the University. One, “The Student Teacher’s First Billet,” is from the University’s art collection and the other is in the possession of Professor Ken Dutton.

STAFF-PARENTS FORUM

The University is arranging to hold on 1st April a special invitation Forum at which parents, spouses, guardians or close friends of new students can meet members of the University Staff and learn something about University Life. It is felt that it would be a definite advantage to students for those closest to them to have an understanding of their work and problems.

Two separate sessions of the Forum will be held in the Drama Theatre - 2 to 5 p.m. and 6.30 to 9.30 p.m.

Details of the programme are:

WELCOME by the Vice-Chancellor, Professor D. W. George.

UNIVERSITY LIFE Professor K. R. Dutton, who is Head of the Department of Modern Languages and for the past two years was Deputy Chairman of Senate, will discuss the scholarly side of being a university student and Mr. B.P. O'Shea, Lecturer in Commerce and President of the Sports Union, will consider other aspects of a balanced student life.

WHO DOES WHAT The University Secretary, Mr. P. D. Alexander, will explain how the University is organised administratively and the kinds of rules and regulations that students must cope with.

HOPES, HANG-UPS AND PROBLEMS Mr. A.P.T. Loftus, Director of the University Counselling Service, and his colleagues will lead discussion about particular kinds of problems that studenthood can create - often for other people.

Questions and discussion will be encouraged at each session - especially the final one on Hopes, Hang-ups and Problems - and, to help ensure that the time is devoted to things that really do bother people, those who will be attending are asked to fill in a small questionnaire as a guideline to Mr. Loftus in preparing that session.

Any first year student who would like to have anyone invited to this Forum - parents, spouses, or whatever - may still do so by writing the name and address of the person(s) to be invited and handing it in at the Student Administration. An invitation will then be sent to them immediately.
UNIVERSITY NEWS

University News, the campus newspaper, is printed fortnightly. It is your newspaper and there is no charge for the inclusion of contributions. The publication dates for the first term of 1977 are (the deadlines for copy are shown in brackets):

No. 3 March 24 (March 18)
No. 4 April 7 (April 1)
No. 5 April 21 (April 15)
No. 6 May 5 (April 29)

The deadlines for advertisements and entries in the Diary of Events will be two days prior to the other deadlines. Send, or telephone, news items, coming events and advertisements to Mr John Armstrong or Mrs Pat O'Neill whose office is L652 in the Arts Building and Extension is 376.

STAFF MEMBER'S NEW BOOK

Mr. Chris Enright, Lecturer in Legal Studies, is the author of a new book, Constitutional Law, just published by the Law Book Company Limited. The 370-page book is a textbook primarily directed at law students studying law and constitutional law for the first time. It sells for $15.50.

Mr. Enright has endeavoured to provide the background which gives a student some perspective and a feel for the shape of Constitutional Law. Of necessity, it deals in generalities which can be refined into a deeper understanding by the study of other materials.

THE STUDENTS' ASSOCIATION

The 1977 Students' Representative Council will officially assume office on March 24, on which day the annual general meeting of the Students' Association will be held in the Courtyard of the Union. Elections for executive positions on the Council (the 25th) were held in Third Term last year, resulting in Leo Walsh being chosen to be President. Peter Tullgren Secretary, Greg Thompson Treasurer, Adrian O'Connell A.U.S. Secretary, Janet Hallinan Media Officer, Michael Burton-Bradley Education Officer, Peter Law Race Relations Officer and Phil Collard Services Officer. Greg Thompson has resigned and nominations are being called for election to fill the vacancy for Treasurer and these other vacancies on the 25th.

Ministers, reports and other documents appertaining to the meeting of the Australian Union of Students held at Monash University last January are available in the S.S.C. Office.

CAMPUS SCAMPER

A mini-City to Surf, or Fun Run, will be conducted on the campus on March 28. With fitness the object, members of staff and students have been invited to take part. The event, titled the Campus Scamper, has been organised by University Athletic Club, which has plotted a trail on the campus starting and finishing at the Auchmuty Sports Centre. The Campus Scamper will commence at 12.30 p.m. and entrants can run, jog or walk. Faculty Secretaries and the Amenities office can supply further details.

POWER IN THE ORGANISATION

An analysis of how people get what they want is one aspect of Power, People and Politics in the Organisation. This, a course to be conducted by Mr. D.M. Gilling, Lecturer in Commerce, involving six weekly lectures commencing on March 14. The course looks at a number of examples of the exercise of power, drawn from government and industry. Other special Extension Courses for people in business, commerce and industry, arranged by the Department of Community Programmes, are AN INTRODUCTION TO COMPUTING, to be conducted by Mr. P.C. Cheek, Computer Programmer, commencing on March 15, and NEW PRODUCT DEVELOPMENT, a course to be conducted by Mr. G.E. Ferris, commencing on March 23.
The Minister for Education (Mr. Bedford) has replied to the Vice-Chancellor's letter asking whether or not the N.S.W. Higher School Certificate Examination is to be phased out. "May I assure you and the members of your University Senate and Council that, at this point in time, there is no intention to abolish the examination," Mr. Bedford wrote.

Professor K. R. Dutton is to conduct an inquiry for Senate into the funding of the Library. He will investigate, and report to Senate on:

- the role of the Auchmuty Library as an academic service within the University and its relationship as a resource centre with other libraries in the Newcastle region;
- the present and foreseeable future needs of the Library for the acquisition of books, periodicals and other materials in the light of (a) above and
- against the background both of recent increases in the cost of Library materials and of current practices in the funding of university libraries in Australia, to make recommendations to Senate on the criteria and mechanism whereby the University might determine an appropriate level of recurrent funding to enable the Library adequately to fulfill its functions.

Senate elected members of its Standing Committee. They are Professor E.C. Parker, Professor M.R. Carter, Professor M.O. Jager, Professor J.B. Biggs, Professor A.W. Roberts, Professor J.A. Campbell, Professor G.M. Kellerman and Professor C.D. Ellyett.

The Deputy Chairman (Professor R.G. Keats) reported that although the University's enrolment for this year had not yet been completed it seemed certain that student numbers would reach the quota. The number of new undergraduate acceptances had exceeded the target figure.

Professors L.N. Short, D.G. Mowatt, P.A. Vinson and A.J. Williams and Mr. P.W. Tullgren were elected to represent Senate on the Board of Community Programmes for two years from March, 1977.

MARINE FARMING FOR OYSTERS, PRAWNS.

A series of five weekly lecture/discussions on ECOLOGY AND MARINE FARMING will be conducted by members of the professional staff of the NSW Government Fisheries Research Station at Nelson Bay. The sessions will be conducted at varying locations at the Community Care Centre, Nelson Bay, two at the Fisheries Research Station, Taylor's Beach and one aboard an oyster barge moving between sites.

By arrangement with NBN-9 the University will use the NBN antenna on Mount Sugarloaf (pictured) to transmit programmes for 2NUR-FM, the University's radio station, which is expected to commence operations about mid-1977.
ARCHBISHOP OF CANTERBURY'S VISIT TO CAMPUS

The Most Rev. and Rt. Hon. Donald Coggan, the Archbishop of Canterbury, will give a public lecture at the University on March 17. He will speak on the Bible and Contemporary Society in Edwards Hall commencing at 2 p.m. People who are proposing to attend should obtain tickets from the Department of Community Programmes, which has organised the lecture in association with the Diocese of Newcastle.

PH.D STUDENT'S RESEARCH PAPER

Rhelma Gruszyinski, from the Department of Biological Sciences, is another Ph.D. student who has had a paper accepted for publication in an international journal. Recently she was advised that her paper, 'The presence of complement in human cervical mucus and its possible relevance to infertility in women with complement-dependent sperm-immobilizing antibodies', has been accepted for publication in Fertility and Sterility, which is published in U.S.A. But, Rhelma has been active in research in reproduction not only from a theoretical, but also a practical aspect, since she proudly presented her husband, Charles, with a daughter, Pieta Leslie, on Christmas day.

Rhelma's creativity is demonstrated also by the ceramic wall hanging in the foyer of the Biological Sciences building. She presented it to the University in 1974.

THE STAFF ASSOCIATION

NSW Teachers' Federation representatives told the President and Secretary of the University Academic Staff Association of NSW at a Meeting on 2nd March that the Federation plans to become the Union which covers all educators at all levels in NSW.

The Meeting was held at the request of the UASANSW to discuss the grounds for the Federation's objection to registration of the Association as a Trade Union. Federation representatives supported their prediction of ultimate supremacy with claims that they would win in their attempt to take over the newly formed Union of CAE Academics and that they had all but settled their long-standing differences with the independent Teachers.

As evidence of its activity the University Academy has been told that they are no longer able to remain Associated Members of the Federation but must become full Members or withdraw from the fund.

University Academics comply with its demand for full membership the Federation will be able to claim that it has significant membership in the Universities. Federation representatives also spoke of plans to mount an intensive recruiting campaign within Universities. As many Staff Association members will know, the Federation has for many years been reluctant to enrol University Academics except as Associate Members. The Federation is hoping to expand its coverage of educators in NSW with the help of a change in its constitution rule. If its application now before the industrial registrar is successful the new eligibility rule will include, "Teachers, Supervisors, lecturers and Educational Officers engaged in Pre-School, Infant, Primary, Secondary or Tertiary Education within New South Wales".

All Members of Staff who are eligible for membership of the University of Newcastle Staff Association and the University Academic Staff Association of NSW are urged to join as soon as possible in order to maintain control of our own industrial affairs. All membership fees are tax-deductible. The annual scale is also short: our application for registration could be heard by the industrial registrar within the next few weeks. Please act now.

GRADUANDS HAVE PRECEDENCE WITH BALL TICKETS

Convocation has given special recognition to graduands who intend going to this year’s Graduation Balls. The graduands will have priority on ticket sales up to March 25. The Balls are conducted by the Standing Committee of Convocation. Last year the Committee received letters from disappointed graduands who had not been able to buy tickets for the function. Two Graduation Balls will be held in the Great Hall this year. In previous years one ball was held and the Great Hall and the Union were jointly used. The ball will be held on Saturday night, April 23, and a second ball will be held on Saturday night, April 30. They will follow conferring of degrees ceremonies on the same days.

Music, supper and liquor will be provided on each occasion between 8 p.m. and 1 a.m. The Silver Graduation Ball will be held on Saturday April 23 with The Harlequin Six playing for dancing. The Gold Graduation Ball is scheduled for Saturday April 30 when the band will be Baroque. The cost will be $12 per person, which includes supper and a full liquor service. The number attending each Ball will be restricted to 504, that is 36 loges each seating 14 persons. Graduands can obtain tickets from the Secretary of Convocation, Box 722, Post Office, Newcastle, 2300. Tickets remaining unsold after March 25 will be sold by the Amenities Office.

ST. JOHN'S BOOK COLLECTION REACHES 2200 VOLUMES

The Auchmuty Library has received, by agreement with the Council of St. John's College, Morpeth, an additional consignment of approximately 1,000 books. This brings the collection now held on perennial loan from St. John's College to some 2,200 volumes.

A complete listing is held on perpetual loan of black-letter (gothic). The oldest volume listed is a book collected by Robert Estienne, then royal printer for Latin, Hebrew and Greek to Francois I.

Estienne's influence was largely responsible for the adoption in France of roman type for scholarly books in place of black-letter (gothic). The collection is also fortunate in including a fine set of the Summa Totius Theologiae of Thomas Aquinas printed by Christopher Plantin in 1569 and finely bound in stamped pigskin with metal clasps. Details of these two titles have been sent to the State Library of N.S.W., which is at present compiling a bibliography of 16th century printed books held in New South Wales.

Among the newly deposited books is one of the treasures of the St. John's College Library—a 1611 copy of the Geneva Bible, also known as the "Breeches Bible" because of its translation of Genesis 3:7, "They sewed fig leaves together and made themselves breeches." This was the version used by Shakespeare and by Oliver Cromwell and his army. Its chapters were divided into the numbered verses employed for the first time by Robert Estienne, who fled to Geneva to escape persecution after completing his Greek New Testament.

A selection from the St. John's College collection is on display in the special collections room of the Auchmuty Library and visitors are invited. The balance is housed in the stack and may be used upon application to the Reference Desk.

As part of the co-operative arrangements between the two institutions, students of St. John's are able, upon request, to use the library facilities of the University.

SPORTING NEWS

"Get fit. Keep fit. Live longer. It's later than you think."

This slogan helped the Amenities office to organise campus sporting competitions in touch football, basketball, volleyball and indoor soccer last year.

Volleyball and indoor soccer received the most support. Many members of the University's sports clubs worked hardest to get fit by joining volleyball teams which competed in mixed and men's divisions.

The main centre for the competitions was the Auchmuty Sports Centre.

1977 Campus Competitions are now being arranged for touch football, soccer, squash, netball, basketball, badminton, tennis and hockey.

Remedial work is presently being done on the floor of the Sports Centre and, in consequence, the start of some of the competitions will be delayed for three to four weeks.

In the meantime entries will be taken for volleyball, table tennis and indoor soccer.

The great interest shown in volleyball last year has prompted the organisers to arrange for some of the games to be played at Newcastle C.A.C. and other outdoor practice courts at No. 1 and No. 2 Ovals.

Faculties, departments and other sections of the University, or any group of people, are invited to form volleyball, indoor soccer and table tennis teams.

Entries will be available from Faculty Secretaries and the Amenities Office soon.

The University granted Newcastle District Cricket Association permission to hold the classes, which will be restricted to outstanding Under 17s and Under 17B cricketers.

Newcastle and Wollongong Universities will play their annual Universities cricket match at University Oval on March 26 and 27.

Coaching sessions for young cricketers who are sons of staff members have terminated and thanks have been extended to the University's Coach, Mr. Jack Walsh, who supervised the tuition.

Next season, it is planned to form teams out of budding cricketers and enter them in the Under 10 and Under 14 Saturday morning competitions.

The Amenities Officer stated that he would like to hear from staff members prepared to help.

Stan Barwick, the University's Activities Organiser, will be a participant in the Australian Athletics Championships in Hobart on March 12 and 13. He will represent NSW in the 1500-metre Championships, having run his best time ever (3.44.91) to win the State title on February 26.

Secretaries of University Sporting Clubs have been invited to attend a first term meeting in the Amenities Office on March 14 at 5.30 p.m.

University Tennis Club has entered four men's teams and a women's team in the 1977 Winter Teams Competition. Mr. D. Carey (575082) is Secretary of the Club.

AVCC PREPARES VIEW ON STUDENT LOANS

The Australian Vice-Chancellors' Committee is preparing a submission to the Committee on Student Loans.

The AVCC is particularly concerned that any new student loan scheme should be a supplement to, and not a substitute for, the existing TEAS arrangements.

The Minister for Education (Senator Carrick) has appointed the Committee to examine the feasibility of a government-backed loans scheme for tertiary students.

The Committee of the AVCC (Professor Sir Zelman Cowen) had discussions with Senator J.C. White on the Secretary of the Department of Education (Mr. K.M. Jones) in Canberra on January 21 on a wide range of matters of interest to the universities, including a Post-Secondary Education Commission, the Defence Force Academy, superannuation and entry conditions for private overseas students.

On December 16 1976 the AVCC Executive met representatives of FAUSA for mutually helpful discussions on academic committees, study leave inquiry, superannuation, academic book pricing and fixed-term appointments.

On November 4, 1976, the Minister for Education indicated that the Government had agreed to continue to supplement programmes to meet unavoidable cost increases on the basis of appropriate indexes already approved for that purpose, but had urged institutions to use every endeavour to identify savings and to practice good housekeeping.

AVCC representatives held discussions with the Chairman of the Universities Commission on December 11 1976 on the implications of the new cost supplementation arrangements for university budgeting and accounting practices.

The AVCC has forwarded a document to the Universities - Cost Supplementation, Cost Escalation and Offsetting Savings to the Commission for use in its dealings with the Government.

The Commonwealth Government had established a post-secondary education commission to replace the existing Universities Commission, Commission on Advanced Education and Technical and Further Education Commission with supporting councils with responsibility for the universities, colleges of advanced education and technical and further education respectively.

The AVCC has had representation to the Minister on various aspects of the proposed new arrangements. The AVCC has reluctantly decided to cease publication of its journal, 'The Australian University', published since 1963.

Declining subscriptions and increasing costs have made the journal uneconomic and increasingly it was not serving the purpose for which it was originally established. In its place, the AVCC will publish a series of occasional papers on specific issues considered to be of interest and importance to the Australian universities.
SCHOLARSHIPS,
FELLOWSHIPS

Applications are being invited for Queen Elizabeth II Post-Doctoral Fellowships in the Biological Sciences. Up to ten fellowships may be awarded to young scientists of exceptional promise and proven capacity for original work, for the support of full time research at an Australian University or approved research institution. Fellowships are tenable for two years and carry a stipend of A$14,198 - 15,390 per annum. Other benefits are also payable. Further information may be obtained from the Student Administration Office.

The French Government is offering postgraduate Scholarships to Australian students wishing to study in France during the academic year 1978/79. The French government will provide a living allowance of $190 - 280 per month, economy class air travel from Australia to France, fees and other assistance. Further information may be obtained from the Student Administration Office.

The French Government is offering awards to Australian teachers of French, or French speaking Australians, who propose teaching French in their schools who wish to take up positions as "Assistant" in French high schools for eight months from October, 1978. Benefits include a maintenance allowance of $400 per month, and other assistance. There is no provision for travel expenses. Further information may be obtained from the Student Administration Office.

The French Government is offering Scholarships to Australian students of one year duration to enable them to travel to France for further their experience. The scholarships will be tenable for three to six months within the twelve month period commencing April, 1978. Benefits include a maintenance allowance of $200 per month, economy class air travel from France to Australia and other allowances. Further information may be obtained from the Student Administration Office.
