

Title	Roads of Exile (Les Chemins de L'Exit)
Director	Claude Goretta
Date	1978
Area	Enlightenment
Theme	Rousseau
Plot Summary	Study of the Swiss philosopher/novelist Jean-Jacques Rousseau (played by Francois Simon), which attempts to elucidate certain aspects of his life left obscure by his supposedly completely honest Confessions. Covers the years from Rousseau's exile (from Switzerland to France, then England and back to France) after the burning of Emile in 1762, to his death in 1788, years marked by his progressive persecution mania, with flashbacks to his earlier life.
